

1 enhancements to its supply and storage of water; accurately determine the level of  
2 demand on the city's water system; ensure that the current and future water needs and  
3 priorities of the city and its water customers are met; and ensure that legal obligations of  
4 the city in operating the city water system are met.

5 4. The development of land has significant impacts on the city's overall  
6 water consumption and conservation as well as the city's water delivery system. Potential  
7 city water customers must comply with the city's development processes and code in  
8 order for the city to adequately plan for its water supply and delivery to all customers.

9 B. All applicants for city water service requiring a water service agreement or  
10 written contract as set forth elsewhere in this Chapter shall agree, as a matter of contract, that  
11 future development of the property shall require compliance with all provisions of Chapter 14  
12 SFCC 1987 (Land Development). This provision shall apply to all agreements or contracts  
13 entered into after December 21, 2009.

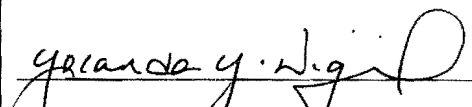

14 C. Except for the requirements of Development Water Budgets, Section 14-8.13  
15 SFCC 1987 and Early Neighborhood Notifications 14-3.1(F) SFCC 1987, this Section does not  
16 apply to public post secondary educational institutions, as defined in, and for the express  
17 purposes found in, the Post-Secondary Educational Planning Act, Section 21-2-2 NMSA 1978.

18 PASSED, APPROVED, and ADOPTED this 11<sup>th</sup> day of January, 2012.
