(2) no pedestrian facing the signal shall enter the street until the green is shown alone unless authorized to do so by a pedestrian "walk" signal.

C. Red alone:

(1) vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before

entering the intersection (66-7-105 NMSA 1978), and shall remain stopped until permitted to proceed by a green light or arrow (*), or may then turn right after standing until the intersection may be entered safely, provided that such vehicular traffic shall yield the right of way to all pedestrians and vehicles lawfully in or approaching the intersection; and

(2) vehicular traffic on a one-way street facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if there is no crosswalk, then before entering the intersection, and if a left turn onto a one-way street in the proper direction is intended, may turn left after stopping until the intersection may be entered safely, provided that such vehicular traffic shall yield the right of way to all pedestrians and vehicles lawfully in or approaching the intersection;

(3) whenever the administrator determines on the basis of an engineering and traffic investigation that a turn as hereinabove provided should be prohibited at a particular intersection, such turn may be prohibited by the posting of signs at the intersection indicating that such a turn is prohibited; and

(4) no pedestrian facing the signal shall enter the street until the green is shown alone unless authorized to do so by a pedestrian "walk" signal.

D. Red with green arrow:

(1) vehicular traffic facing the signal may cautiously enter the intersection only to make the movement indicated by the arrow, but shall yield the right of way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection; and

(2) no pedestrian facing the signal shall enter the street unless he can do so safely and without interfering with any vehicular traffic.

E. If an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section apply except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking, the stop shall be made at the signal.

F. When a sign is in place permitting a turn, vehicular traffic facing a steady red signal may cautiously enter the intersection to make the turn indicated by the sign after stopping as required by Subsection C (1). Vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection. (66-7-105 NMSA 1978)

12-5-7 PEDESTRIAN CONTROL SIGNALS.

A. Whenever special pedestrian control signals exhibiting the words "walk" or "don't walk" are in place:

1. "walk" indicates that pedestrians facing the signal may proceed across the street in the direction of the signal and shall be given the right of way by drivers of all vehicles; and

2. "don't walk" indicates that no pedestrian shall start to cross the street in the direction of the signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the "don't walk" signal is showing.

B. A person who violates the provision of this section is guilty of a penalty assessment misdemeanor. (66-7-106 NMSA 1978) (Ord. No. 2021-2, § 1)

12-5-8 FLASHING SIGNALS.

A. Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(1) flashing red (stop signal)--when a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, or, if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign; or

(2) flashing yellow (caution signal)--when a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

B. This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in Sections 12-6-7.5 - 12-6-7.8 of this ordinance.

C. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor. (66-7-107 NMSA 1978) (Ord. No. 2021-2, § 2)

12-5-9 LANE-DIRECTION-CONTROL SIGNALS. When lane-direction-control signals are placed over the individual lanes of a street, vehicular traffic may travel in any lane over which a green signal is shown, but a vehicle shall not enter or travel in any lane over which a red signal is shown. (*)

12-5-10 DISPLAY OF UNAUTHORIZED SIGNS, SIGNALS OR MARKINGS.

A. No person shall place, maintain, or display upon or in view of any street any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movements of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal, and no person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

B. Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the administrator is hereby empowered to remove the same or cause it to be removed without notice.

C. The provisions of this section shall not prohibit the erection of signs upon private property adjacent to streets if the signs give useful directional information and are of a type that cannot be mistaken for official signs. (*)

D. A person who violates the provisions of this section is guilty of a penalty assessment misdemeanor. (66-7-108 NMSA 1978) (Ord. No. 2021-2, § 3)

12-5-11 INTERFERENCE WITH OFFICIAL TRAFFIC-CONTROL DEVICES OR RAILROAD SIGNALS.

A. No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof. (66-7-109 NMSA 1978)

B. No person shall hide or obscure any official traffic-control device or railroad sign or signals by parking a vehicle or erecting any object or by allowing bushes, hedges, trees or other vegetation to grow so as to obscure traffic-control devices or railroad signals. An obstruction includes, but is not limited to, any sign, fence, ornament, hedge, shrub, tree or display, but it does not include a building.

C. Unobstructed vision for traffic safety shall be maintained by the property owner or occupant on all corner lots regardless of the zone classification. No obstruction between three and eight feet above the street level shall be placed or maintained within a triangular area bounded by the street property lines of the corner lot and a line connecting the points 25 feet distant from the intersection of the property lines of such lot.

D. Every obstruction interfering with official traffic-control devices or railroad signals is a public nuisance, and the administrator may remove the obstruction or cause it to be removed without notice and assess costs involved to the violator. (*)

12-5-12 PLAY STREETS.

A. The administrator has authority to declare any street or part of a street a temporary play street and to place appropriate signs or devices in the street to indicate and help protect the street.

B. Whenever authorized signs are erected to indicate a play street, no person shall drive on the street except drivers of vehicles whose residences are within the closed area. Such drivers shall exercise the greatest care in driving on the play street. (*)

12-5-13 CROSSWALKS AND SAFETY ZONES. The administrator, upon the basis of engineering and traffic study investigations, may:

A. designate and maintain crosswalks by appropriate devices, marks or lines on the surface of the street where, in his opinion, there is particular danger to pedestrians crossing the street; and

B. establish safety zones of the kind and character and at places he deems necessary for the protection of pedestrians. (*)

12-5-14 TRAFFIC LANES.

A. The administrator, upon the basis of engineering and traffic study investigations, may mark traffic lanes upon any street where a regular alignment of traffic is necessary.

B. Where such traffic lanes have been marked, it is unlawful for the operator of a vehicle to fail to keep the vehicle within the boundaries of the lane except when lawfully passing another vehicle or when making a lawful turning movement. (*)

12-6-1 SPEED REGULATIONS.

12-6-1.1 BASIC RULE. No person shall drive a vehicle at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. Consistent with the foregoing, every person shall drive at a safe and appropriate speed when approaching and crossing an intersection or railroad grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding street and when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions. (*)

12-6-1.2 SPEED LIMITS.

- A. No person shall drive a vehicle on a street or detour at a speed greater than:

(1) fifteen (15) miles per hour on all streets when passing a school while children are going to, or leaving school, and when the school zone is properly posted:

(2) twenty-five miles per hour in any business or residence district (66-7-301 NMSA 1978); or

(3) the lawfully posted speed limit when signs are erected giving notice of the speed limit.

(4) the posted speed limit in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the municipality or highway and transportation department, provided that the posted speed limit be determined by an engineering study performed by the state highway and transportation department.

(5) the posted speed limit in pedestrian zones posted as double fine zones.

B. In every event, speed shall be so controlled as may be necessary:

(1) to avoid colliding with any person, vehicle or other conveyance on, or entering, the street;

(2) to comply with legal requirements as may be established by the municipality, the state highway department or the New Mexico state police, and the duty of all persons to use due care; and

(3) to protect workers in construction zones posted as double fine zones or other safety zones posted as double fine zones as designated by the municipality or highway and transportation department. (66-7-301 NMSA 1978) (Ord. No. 2006-34)

12-6-1.3 ESTABLISHMENT OF SPEED ZONES.

A. Whenever the governing body determines, upon the basis of an engineering survey and traffic investigation, that any speed limit permitted under state law or local ordinance is greater or less than is reasonable or safe under the conditions found to exist upon any part of a street within their jurisdiction, the governing body may declare a speed limit alteration for that part which is effective at times determined, through the adoption of a resolution. The public safety committee and public works committee shall review and make a recommendation to the governing body on whether or not to alter the speed limit. After the adoption of the resolution, appropriate signs giving notice thereof shall be erected at the particular part of the street. (Ord. No. 2015-16)

B. Alteration of speed limits on state highways by the governing body are not effective until approved by the state highway commission. (66-7-303 NMSA 1978) (Ord. No. 2015-16)

C. The governing body shall adhere to and abide by all applicable state statutes in making his determination of speed limits in the municipality. (Ord. No. 2015-16)

D. Whenever the governing body declares a speed limit, the administrator shall submit a schedule of the speed limit to the police department, the municipal judge, the municipal clerk and the municipal attorney. (*) (Ord. No. 2015-16)

E. Speed zones may be marked by a sign containing a flashing yellow light and, when the light is in operation, the speed limit, instructions or regulations on the sign are in effect.

F. The provisions of Subsection A of this section shall not apply to changes of speed limit in construction zones authorized pursuant to 12-6-1.3 G through K of this section.

G. When construction, repair or reconstruction of any street or highway is being done, the administrator or other governmental authority with jurisdiction over that street or highway is authorized to designate as a construction zone that portion of the street or highway where construction, reconstruction or repair is being done and to close the construction zone to traffic or to provide for a single lane of traffic on any two-lane or four-lane highway in the construction zone. (66-7-303.1 NMSA 1978)

H. The administrator or other governmental authority closing all or a portion of a street or highway or providing for a single lane of traffic on any two-lane or four-lane street or highway pursuant to Subsection G of this section shall erect or cause to be erected traffic-control devices or barricades to warn and notify the public of any change in speed limit and that such street or highway is closed or limited to a single lane of traffic. (66-7-303.1 NMSA 1978)

I. Every pedestrian or person who operates a vehicle on any street or highway shall obey all signs, signals, markings, flagmen or other traffic-control devices which are placed to regulate, control and guide traffic through a construction zone.

J. No person shall remove, change, modify, deface or alter any traffic-control device or barricade which has been erected on any street or highway pursuant to this section.

K. Any person who violates any provision of Subsection I or J of this section is guilty of a petty misdemeanor and upon conviction shall be sentenced in accordance with this code. (66-7-303.1 NMSA 1978)

12-6-1.4 **REGULATION OF SPEED BY TRAFFIC SIGNALS.** The administrator is authorized to regulate the timing of traffic signals so as to permit the movement of traffic in an orderly and safe manner at speeds slightly at variance from the speeds otherwise applicable within the district or at intersections and shall erect appropriate signs giving notice thereof. (*)

12-6-1.5 **MINIMUM SPEED REGULATION.**

A. No person shall drive a motor vehicle at such slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with this ordinance.

B. Whenever the administrator determines on the basis of an engineering and traffic investigation that slow speeds on any part of a street consistently impede the normal and reasonable movement of traffic, the administrator may determine and declare a minimum speed limit below which no person shall drive a vehicle except when necessary for safe operation or in compliance with this ordinance. (66-7-305 NMSA 1978)

C. Police officers may enforce this section by directions to drivers. In the event of apparent willful disobedience to this section and refusal to comply with directions of an officer in accordance herewith, the continued slow operation by a driver is a violation of this section. (*)

12-6-1.6 **CHARGING VIOLATIONS.**

A. In every charge of violation of any speed regulation under this ordinance, the complaint and the uniform traffic citation shall specify the speed at which the defendant is alleged to have driven and the maximum speed applicable within the district or at the location.

B. Provisions of this ordinance for maximum speed limitations shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence on the part of the defendant as the proximate cause of an accident. (66-7-307 NMSA 1978)

12-6-1.7 **SPECIAL SPEED LIMITATIONS.**

A. Subject to the requirements of Section 12-10-1.15(E) of this ordinance, no person shall drive any vehicle equipped with solid rubber or cushion tires at a speed greater than a maximum of ten miles per hour. (66-7-306 NMSA 1978)

B. No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a street at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in Section 66-7-306(B) NMSA 1978.

12-6-2 DRIVING ON RIGHT SIDE OF STREET--OVERTAKING AND PASSING--USE OF STREET.

12-6-2.1 DRIVE ON RIGHT SIDE OF STREET--EXCEPTIONS.

A. Upon all streets of sufficient width, a vehicle shall be driven upon the right half of the street, and where practicable, entirely to the right of the center thereof, except as follows:

(1) when overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement (66-7-308 NMSA 1978);

(2) when an obstruction exists making it necessary to drive to the left of the center of the street, provided that any person driving to the left shall yield the right of way to all vehicles traveling in the proper direction on the unobstructed portion of the street (*);

(3) when the right half of the street is closed to traffic while under construction or repair (66-7-308 NMSA 1978)

(4) upon a street divided into three marked lanes for traffic under the rules applicable thereon; or

(5) upon a street designated and signposted for one-way traffic.

B. Upon all streets any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the street except when overtaking and passing another car proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway. (66-7-308 NMSA 1978)

C. Upon any street having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the street, except when authorized by official traffic-control devices designating certain lanes to the left side of the center of the street for use by traffic not otherwise permitted to use such lanes, or except as permitted under Subsection 12-6-2.1A(2). However, this section shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. (*)

12-6-2.2 PASSING VEHICLES PROCEEDING IN OPPOSITE DIRECTION.

Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon streets having width for not more than one (1) line of traffic in each direction each

driver shall give to the other at least one-half of the main-traveled portion of the street as nearly as possible. (66-7-309 NMSA 1978).

12-6-2.3 **OVERTAKING A VEHICLE ON THE LEFT.** The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

A. The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the street until safely clear of the overtaken vehicle; and

B. Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. (66-7-310 NMSA 1978)

12-6-2.4 **LIMITATIONS ON OVERTAKING ON THE LEFT.** No vehicle shall be driven to the left side of the center of the street in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the street before coming within one hundred feet of any vehicle approaching from the opposite direction. (66-7-312 NMSA 1978)

12-6-2.5 **FURTHER LIMITATIONS ON DRIVING ON LEFT OF CENTER OF STREET.**

A. No vehicle shall at any time be driven to the left side of the street under the following conditions:

(1) when approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(2) when approaching within one hundred feet of or traversing any intersection or railroad grade crossing; or

(3) when the view is obstructed upon approaching within one hundred feet of any bridge, viaduct, or tunnel. (66-7-313 NMSA 1978)

B. The foregoing limitations shall not apply:

(1) upon a one-way street;

(2) under the conditions described in 12-6-2.1A(2); nor

(3) to the driver of a vehicle turning left into or from an alley, private road or driveway. (*)

12-6-2.6 **WHEN OVERTAKING ON THE RIGHT IS PERMITTED.**

A. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(1) when the vehicle overtaken is making or about to make a left turn;

(2) upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving vehicles in each direction; or

(3) upon a one-way street, or upon any roadway on which traffic is restricted to one direction of movement, where the street is free from obstructions and of sufficient width for two or more lines of moving vehicles.

B. The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the street. (66-7-311 NMSA 1978)

12-6-2.7 **NO PASSING ZONES AND RESTRICTIONS ON PASSING.**

A. The administrator may determine those portions of any street or highway under his jurisdiction where overtaking and passing or driving on the left of the street would be especially hazardous and may, by appropriate signs or markings on the street indicate the beginning and end of such zones. When the signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the direction thereof.

B. Where signs or markings are in place to define a no-passing zone as set forth in Subsection A of this section, no driver shall at any time drive on the left side of the street within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length. This section does not apply under the conditions described in Section 12-6-2.1A(3) or to the driver of a vehicle turning left into or from an alley, private road or driveway. (66-7-315 NMSA 1978)

C. When double yellow lines are painted on a pavement, no driver shall drive any vehicle across the lines except the driver of a vehicle turning left into or from an alley, private road or driveway.

D. No driver shall overtake and pass any other vehicle proceeding in the same direction in a school zone when the school zone signs are in place.

E. Whenever a vehicle is stopped at a marked crosswalk or an unmarked crosswalk at an intersection to permit a pedestrian to cross the street, the driver of the vehicle approaching from the rear shall not overtake and pass the stopped vehicle.

F. When approaching or passing a bicyclist, every person operating a motor vehicle shall proceed with caution and shall pass such bicyclist at a reasonable speed and keep a safe distance from him. In no event shall a distance of less than five feet be considered a safe distance within the meaning of this Section. To comply with the requirements of this paragraph, a person operating a motor vehicle may be required to drive at a slower rate of speed. When a bicyclist is traveling in the center of a lane, the bicyclist should move right when it is safe to do so. (*) (Ord. #2011-23, §2)

12-6-2.8 AUTHORITY TO DESIGNATE ONE-WAY STREETS AND ALLEYS.

A. The administrator may designate and sign streets and alleys as one-way streets and alleys. The designation shall be made only upon the basis of engineering and traffic investigation.

B. Signs indicating the direction of lawful traffic movement shall be placed at every intersection, where movement of traffic in the opposite direction is prohibited. No regulation as to one-way traffic shall be effective unless signs are in place indicating the direction of the flow of traffic.

C. The administrator shall maintain a schedule of all streets and alleys which have been established as one-way and shall provide copies of the schedule to the police department, municipal clerk, municipal judge and municipal attorney. (*)

12-6-2.9 OBEDIENCE TO SIGNS DESIGNATING ONE-WAY STREETS AND ALLEYS.

A. Upon those streets and parts of streets and in those alleys restricted to movement in one direction, vehicular traffic shall move only in the indicated direction when signs indicating the direction of traffic are erected and maintained at every intersection where movement in the opposite direction is prohibited.

B. Failure to comply with such signs is a violation of this ordinance. (*)

12-6-2.10 ROTARY TRAFFIC ISLANDS. A vehicle passing around a rotary traffic island shall be driven only to the right of such island. (66-7-316 NMSA 1978)

12-6-2.11 RESTRICTED DIRECTION OF MOVEMENT ON STREETS DURING CERTAIN PERIODS.

A. The administrator may determine and designate streets, parts of streets or specific lanes upon which vehicular traffic shall proceed in one direction during one period of the day and the opposite direction during another period of the day. This designation shall be made only upon the basis of engineering and traffic investigation.

B. Appropriate markings, signs, barriers or other devices shall be placed to give notice of the restricted movement.

C. Signs may be placed temporarily designating lanes to be used by traffic moving in particular direction, regardless of the center line of the street. (*)

12-6-2.12 **DRIVING ON STREETS LANED FOR TRAFFIC.** Whenever any street has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

A. A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety;

B. Upon a street which is divided into three lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the street is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation;

C. Official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the street and drivers of vehicles shall obey the directions of every such sign (66-7-317 NMSA 1978); and

D. Official traffic-control devices may be installed prohibiting the changing of lanes on sections of streets, and drivers of vehicles shall obey the directions of every such device. (*)

12-6-2.13 **FOLLOWING TOO CLOSELY.**

A. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

B. The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a street outside of a business or residence district shall not follow another motor truck or motor vehicle drawing another vehicle within three hundred (300) feet, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

C. Motor vehicles being driven upon any street outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall not follow the preceding vehicle closer than three hundred (300) feet. This provision shall not apply to funeral processions, nor shall it apply within or outside of a business or residence district to motor vehicle escort vehicles of a motor vehicle escort service, which may, if necessary to maintain the continuity of the escorted unit or units, precede or follow at a distance closer than three hundred (300) feet to the escorted unit or units. (66-7-318 NMSA 1978)

12-6-2.14 DRIVING ON DIVIDED STREETS.

A. Whenever any street has been divided into two (2) roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand segment of the divided street (66-7-319 NMSA 1978), unless directed or permitted to use another segment by official traffic-control devices or police officers. (*)

B. No vehicle shall be driven over, across, or within any such dividing space, barrier, or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection established by public authority. (66-7-319 NMSA 1978)

C. Where recessed cut-outs are provided in dividers to facilitate left turns, all vehicles, except those having a turning radius precluding use of such recessed cut-outs, shall execute a left turn by occupying the recess or cut-out prior to entering the intersection. (*)

12-6-2.15 CONTROLLED ACCESS. No person shall drive a vehicle onto or from any controlled-access street except at such entrances and exits as are established by public authority. (66-7-320 NMSA 1978)

12-6-2.16 RESTRICTIONS ON USE OF CONTROLLED-ACCESS STREETS.

A. No pedestrian, bicycle or other non-motorized traffic shall use any controlled-access street, but notwithstanding this provision, drivers of vehicles using the controlled-access street are not relieved of responsibility for exercising due care.

B. In addition to the provisions of paragraph A, the local governing body may, by ordinance, regulate or prohibit the use of any controlled-access street within its jurisdiction by any class or kind of traffic which is found to be incompatible with the normal and safe movement of traffic. (66-7-321 NMSA 1978)

C. No driver shall stop a vehicle upon any controlled-access street for the purpose of taking on or discharging passengers, freight or merchandise.

D. The administrator has the authority to erect and maintain official traffic-control devices on the controlled-access street on which the restrictions are applicable, and when such traffic-control devices are in place, no person shall disobey the restrictions stated on the devices. (66-7-321 NMSA 1978)

12-6-2.17 DRIVING A MOTOR VEHICLE ON OR ACROSS BICYCLE LANE OR PATH. No person shall drive or operate a motor vehicle upon or across a bicycle path or lane except to cross such path or lane when turning as permitted in Section 12.6-5.11, to park such motor vehicle, or to leave a parking space. No person shall drive upon or across a bicycle lane or path as permitted by this Section until the right-of-way is provided to all bicycles within the lane or path. (Ord. 2011-23, §3)

12-6-3 DESIGNATING STOP AND YIELD INTERSECTIONS.

12-6-3.1 THROUGH STREETS DESIGNATED.

A. The administrator, upon traffic and engineering study and investigation, may designate which streets shall be through streets.

B. A schedule of the through streets shall be prepared by the administrator with copies furnished to the police department, municipal clerk, municipal judge and municipal attorney. (*)

12-6-3.2 AUTHORITY TO ERECT STOP AND YIELD SIGNS AT THROUGH STREETS.

A. Whenever the administrator designates and describes a through street, the city traffic engineer shall place and maintain a stop sign, or on the basis of an engineering and traffic investigation at any intersection a yield sign, on each and every street intersecting the through street unless traffic at any such intersection is controlled at all times by traffic-control signals.

B. However, at the intersection of two through streets or at the intersection of a through street and heavy traffic street not so designated, stop signs shall be erected at the approaches to both of said streets in a manner determined by the administrator upon the basis of an engineering and traffic study. (*)

12-6-3.3 AUTHORITY TO ERECT STOP OR YIELD SIGNS AT OTHER INTERSECTIONS. The administrator may determine and designate intersections other than through streets where particular hazards exist and determine:

A. Whether vehicles shall stop at one or more entrances to the intersection, in which event he shall have erected a stop sign at every place where a stop is required; or

B. Whether vehicles shall yield the right of way to vehicles on a different street at the intersection, in which event he shall have erected a yield sign at every place where obedience thereto is required. (*)

12-6-4 RIGHT OF WAY.

12-6-4.1 VEHICLE APPROACHING OR ENTERING INTERSECTION.

A. The driver of a vehicle approaching an intersection shall yield the right of way to a vehicle which has entered the intersection from a different street.

B. When two vehicles enter an intersection from different streets at approximately the same time the driver of the vehicle on the left shall yield the right of way to the vehicle on the right.

C. The right of way rules declared in Subsections A and B are modified at through streets and otherwise as provided in this ordinance. (66-7-328 NMSA 1978)

D. The driver of a vehicle approaching or entering an interstate highway shall yield the right of way to the vehicles on the interstate highway. (*)

12-6-4.2 VEHICLES TURNING LEFT AT INTERSECTION. The driver of a vehicle within an intersection intending to turn to the left shall yield the right of way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard, but said driver, having so yielded and having given a signal when and as required by this ordinance, may make such left turn and the drivers of all other vehicles approaching the intersection from said opposite direction shall yield the right of way to the vehicle making the left turn. (66-7-329 NMSA 1978)

12-6-4.3 VEHICLE ENTERING STOP OR YIELD INTERSECTION.

A. Preferential right of way at an intersection may be indicated by stop signs or yield signs as authorized in this ordinance.

B. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop as required by Section 12-6-4.3(D) and after having stopped shall yield the right of way to any vehicle which has entered the intersection from another street or which is approaching so closely on the street as to constitute an immediate hazard during the time when the driver is moving across or within the intersection.

C. The driver of a vehicle approaching a yield sign shall, in obedience to the sign, slow down to a speed reasonable for the existing conditions, and shall yield the right of way to any vehicle in the intersection or approaching on another street so closely as to constitute an immediate hazard during the time the driver is moving across or within the intersection. If the driver is involved in a collision with a vehicle in the intersection, after

driving past a yield sign without stopping, the collision shall be deemed prima facie evidence of his failure to yield right of way. (66-7-330 NMSA 1978)

D. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop completely before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting street before entering the intersection.

E. The driver of a vehicle approaching a yield sign, if required for safety to stop, shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but if none, then at the point nearest the intersecting street where the driver has a view of approaching traffic on the intersecting street. (66-7-345 NMSA 1978)

12-6-5 TURNING AND STARTING AND SIGNALS ON STOPPING AND TURNING.

12-6-5.1 REQUIRED POSITION AND METHOD OF TURNING AT INTERSECTION. The driver of a vehicle intending to turn at an intersection shall do so as follows:

A. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the street.

B. At any intersection where traffic is permitted to move in both directions on each street entering the intersection, an approach for a left turn, except where left-turn provisions are made, shall be made in that portion of the right half of the street nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the street being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

C. Upon a street with two (2) or more lanes for through traffic in each direction, where a center lane has been provided by distinctive pavement markings for the use of vehicles turning left from both directions, no vehicle shall turn left from any other lane. A vehicle shall not be driven in this center lane for the purpose of overtaking or passing another vehicle proceeding in the same direction. Any maneuver other than a left turn from this center lane will be deemed a violation of this section.

D. At any intersection where traffic is restricted to one (1) direction on one (1) or more of the streets, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand

lane lawfully available to traffic moving in such direction upon the street being entered. (66-7-322 NMSA 1978)

E. No person shall drive across any private or public property, including but not limited to parking areas, driveways and service station areas, for the purpose of avoiding any traffic control device or sign. (*)

12-6-5.2 AUTHORITY TO PLACE DEVICES ALTERING NORMAL COURSE FOR TURNS. The administrator may cause markers, buttons or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in Section 12-6-5.1 be traveled by vehicles turning at an intersection, and when markers, buttons or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by the markers, buttons or signs. (66-7-322 NMSA 1978)

12-6-5.3 AUTHORITY TO PLACE RESTRICTED TURN SIGNS.

A. The administrator may determine those intersections at which drivers of vehicles shall not make a right, left or U-turn and shall place proper signs at the intersections.

B. The making of the turns may be prohibited between certain hours of the day and permitted at other hours, in which event the same shall be plainly indicated on the signs or they may be removed when the turns are permitted. (*)

12-6-5.4 OBEDIENCE TO NO-TURN SIGNS. Whenever authorized signs are erected indicating that no right or left or U-turn is permitted, no driver of a vehicle shall disobey the directions of the sign. (*)

12-6-5.5 LIMITATIONS ON TURNING AROUND. The driver of any vehicle shall not turn the vehicle so as to proceed in the opposite direction upon any street in a business district and shall not upon any other street so turn a vehicle unless the movement can be made in safety and without interfering with other traffic. (*)

12-6-5.6 TURNING ON CURVE OR CREST OF GRADE PROHIBITED. No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to, or near the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within one thousand feet. (66-7-323 NMSA 1978)

12-6-5.7 STARTING PARKED VEHICLE.

A. No person shall start a vehicle which is stopped, standing, or parked unless and until such movement can be made with reasonable safety. (66-7-324 NMSA 1978)

B. No person shall move any parked vehicle without giving appropriate signals as prescribed in Sections 12-6-5.8 through 12-6-5.10. (*)

12-6-5.8 TURNING AND STOPPING MOVEMENTS AND REQUIRED SIGNALS.

A. No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the street as required in Section 12-6-5.1 or turn a vehicle to enter a private road or driveway or otherwise turn a vehicle from a direct course or move right or left upon a street unless and until such movement can be made with reasonable safety. No person shall so turn any vehicle without giving an appropriate signal in the manner hereinafter provided in the event any other traffic may be affected by such movement.

B. A signal of intention to turn right or left when required shall be given continuously during not less than the last one hundred feet traveled by the vehicle before turning.

C. No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal. (66-7-325 NMSA 1978)

D. The signals provided for in this section shall be used to indicate an intention to turn, change lanes or start from a parked position and shall not be flashed on one side only on a parked or disabled car or flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear. (*)

12-6-5.9 SIGNALS BY HAND AND ARM OR SIGNAL DEVICE.

A. Any stop or turn signal when required herein shall be given either by means of the hand and arm or by signal lamp or lamps or mechanical signal device except as otherwise provided in Subsection B.

B. Any motor vehicle in use on a street shall be equipped with, and required signal shall be given by, a signal lamp or lamps or mechanical signal device when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds twenty-four inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds fourteen feet. The latter measurement shall apply to any single vehicle, also to any combination of vehicles. (66-7-326 NMSA 1978)

12-6-5.10 METHOD OF GIVING HAND AND ARM SIGNALS. All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner and such signal shall indicate as follows:

A. Left turn: hand and arm extended horizontally;

- B. Right turn: hand and arm extended upward; and
- C. Stop or decrease speed: hand and arm extended downward. (66-7-327 NMSA 1978)

12-6-5.11 **MOTORIST TURNING ACROSS BICYCLE LANE.** Whenever a motorist is turning across a bicycle lane or path, such motorist shall maintain a proper lookout for bicyclists and shall yield the right-of-way to any bicyclist traveling in a bicycle lane or path. (Ord. #2011-23, §4)

12-6-6 **STOPPING, STANDING AND, PARKING.**

12-6-6.1 **STOPPING, STANDING OR PARKING PROHIBITED IN SPECIFIED PLACES.**

12-6-6.2 ADDITIONAL PARKING REGULATIONS.

A. Except as otherwise provided in this ordinance every vehicle stopped or parked upon a street where there are adjacent curbs shall be so stopped or parked with the right-hand wheels of such vehicle parallel to and within eighteen inches of the right-hand curb. (66-7-352 NMSA 1978)

(*)

12-6-6.3 STOPPED OR PARKED VEHICLES NOT TO INTERFERE WITH OTHER TRAFFIC.

No motor vehicle shall be stopped, parked, or left standing, whether attended or unattended, upon the traveled portion of any street outside of a business or residence district, when it is practicable to stop, park, or leave such vehicle off the traveled portion of the street. In the event that conditions make it impracticable to move such motor vehicle from the traveled portion of the street, the driver shall make every effort to leave all possible width of the highway opposite the standing vehicle for the free passage of other vehicles and he shall take care to provide a clear view of the standing vehicles as far as possible to the front and rear. (66-3-852 NMSA 1978)

12-6-6.4 **PARKING IN ALLEYS.** No person shall park a vehicle within an alley in such a manner or under such conditions as to leave available less than 10 feet of the width of the alley for the free movement of vehicular traffic, and no person shall stop, stand or park a vehicle within an alley in such a position as to block the driveway entrance to any abutting property. (*)

- B. Washing, greasing or repairing the vehicle except repairs necessitated by an emergency. (*)

12-6-6.7 **PARKING ADJACENT TO SCHOOLS PROHIBITED.**

A. The administrator may erect signs indicating no parking on either or both sides of any street adjacent to any school property when parking would, in his opinion, interfere with traffic or create a hazardous situation.

B. When official signs are erected indicating no parking on either side of a street adjacent to any school property as authorized in this section, no person shall park a vehicle in any such designated place. (*)

12-6-6.8 **PARKING PROHIBITED ON NARROW STREETS.**

A. The administrator may erect signs indicating no parking on any street when the width of the street does not exceed 24 feet or no parking upon one side of a street as indicated by such signs when the width of the street does not exceed 32 feet.

B. When official signs prohibiting parking are erected on narrow streets as authorized in this section, no person shall park a vehicle on any such street in violation of the sign. (*)

12-6-6.9 **STANDING OR PARKING ON ONE-WAY STREETS.**

A. The administrator may erect signs on the left-hand side of any one-way street to prohibit the standing or parking of vehicles.

B. When such signs are in place, no person shall stand or park a vehicle on such left-hand side in violation of any such sign. (*)

12-6-6.10 STANDING OR PARKING ON DIVIDED STREETS.

A. In the event a divided street includes two or more segments for vehicular traffic, and traffic is restricted to one direction on any such segment, no person shall stand or park a vehicle on the left-hand side of the one-way segment unless signs are erected to permit such standing or parking.

B. The administrator may determine where standing or parking may be permitted on the left-hand side of any such one-way portion of a divided street and to erect signs giving notice thereof. (*)

12-6-6.11 NO STOPPING, STANDING OR PARKING NEAR HAZARDOUS OR CONGESTED PLACES.

A. The administrator may determine and designate by proper signs, places at intervals not exceeding 100 feet in length in which the stopping, standing or parking of vehicles would create an especially hazardous condition or would cause unusual delay to traffic.

B. When official signs are erected at hazardous or congested places as authorized in paragraph A, no person shall stop, stand or park a vehicle in any such designated place. (*)

12-6-6.12 STOPPING, STANDING OR PARKING RESTRICTED OR PROHIBITED ON CERTAIN STREETS.

A. The provisions of this section prohibiting the standing or parking of a vehicle shall apply at all times or at those times herein specified or as indicated on official signs except when it is necessary to stop a vehicle to avoid conflict with other traffic or in compliance with the directions of a police officer or official traffic-control device.

B. The provisions of this section imposing a time limit on parking shall not relieve any person from the duty to observe other and more restrictive provisions prohibiting or limiting the stopping, standing or parking of vehicles in specified places or at specified times.

C. The administrator may impose restrictions or prohibitions on standing, stopping or parking and they shall apply as follows:

(1) when signs are erected prohibiting parking at all times on certain streets, no person shall park a vehicle at any time upon any of the streets so designated;

(2) when signs are erected in each block giving notice that stopping, standing or parking is prohibited during certain hours on certain streets, no person

shall stop, stand or park a vehicle between the hours specified on the sign on any day, except Sundays and public holidays, within the district or on any of the streets so designated; or

D. Whenever by this or any other ordinance of this municipality, any parking time limit is imposed or parking is prohibited on designated streets, it is the duty of the administrator to erect appropriate signs giving notice of the restrictions or limitations.

E. No regulation authorized in this section shall be effective unless signs giving notice of prohibitions or limitations are erected and in place at the time of any alleged offense. (*)

12-6-6.13 ANGLE PARKING AND PERMITS FOR LOADING OR UNLOADING AT AN ANGLE TO THE CURB.

A. The administrator may determine upon what streets angle parking is permitted and shall mark or sign such streets:

(1) any designation of angle parking shall be made on the basis of engineering and traffic study and investigation; (*)

(2) the administrator may permit angle parking on any street, except that angle parking shall not be permitted on any federal-aid or state highway unless the state highway commission has determined by resolution or order entered in its minutes that the street is of sufficient width to permit angle parking without interfering with the free movement of traffic; (66-7-352 NMSA 1978)

(3) angle parking shall not be indicated or permitted at any place where passing traffic would thereby be caused or required to drive on the left side of the street; and

(4) on those streets which have been signed or marked by the administrator for angle parking, no person shall park or stand a vehicle other than at the angle to the curb or edge of the street indicated by signs or markings. (*)

B. The administrator may issue special permits to permit the backing of a vehicle to the curb for the purpose of loading or unloading merchandise or materials subject to the terms and conditions of the permit:

(1) the permits may be issued either to the owner or lessee of real property or to the owner of the vehicle and shall grant to the permit holder the privilege stated in the permit and authorized in this ordinance; and

(2) no permittee or other person shall violate any of the special terms or conditions of a permit. (*)

12-6-6.14 STOPPING, STANDING OR PARKING OUTSIDE OF BUSINESS OR RESIDENCE DISTRICTS.

A. Upon any street outside of a business or residence district no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the street when it is practicable to stop, park, or leave such vehicle off such part of said street, but in every event an unobstructed width of the street opposite a standing vehicle shall be left for the free passage of other vehicles and a clear view of such stopped vehicles shall be available from a distance of two hundred feet in each direction upon such street.

B. This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-traveled portion of a street in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position. (66-7-349 NMSA 1978)

C. The state department of transportation, unless otherwise directed by an investigating police officer, or a police officer may remove or cause to be removed a vehicle or other obstruction from the paved or main-traveled part of a highway to the nearest place of safety if the vehicle or other obstruction obstructs traffic or poses a traffic hazard. (66-7-349 C NMSA 1978)

12-6-6.15 SPECIAL PARKING AREA PERMITS.

A. The governing body establishes areas within the city for which a special parking permit is required in order to park on the street. The parking administrator shall establish the procedures necessary to obtain the permit. The city shall erect and maintain appropriate signage denoting special parking permit areas.

B. Special parking area permits are not and shall not be construed as rights in property and are granted as a privilege and not a right.

D. The operator of a taxicab shall not stand or park the vehicle upon any street at any place other than in a taxicab stand so designated as provided herein. This provision shall not prevent the operator of a taxicab from temporarily stopping in accordance with other stopping or parking regulations at any place for the purpose of and while actually engaged in the expeditious loading or unloading of passengers. (*)

A. The department and local highway authorities may, in their discretion, upon application in writing and good cause being shown, issue a special permit in writing authorizing the applicant to operate or move a vehicle or load of a size or weight exceeding the maximum specified in Sections 66-7-401 through 66-7-416 NMSA 1978 on any highway under the jurisdiction of the state transportation commission or local authorities. Except for the movement of manufactured homes, a permit may be granted, in cases of emergency, for the transportation of loads on a certain unit or combination of equipment for a specified period of time not to exceed one year, and the permit shall contain the route to be traversed, the type of load to be transported and any other restrictions or conditions deemed necessary by the body granting the permit. In every other case, the permit shall be issued for a single trip and may designate the route to be traversed and contain any other restrictions or conditions deemed necessary by the body granting the permit. Every permit shall be carried in the vehicle to which it refers and shall be opened for inspection by any peace officer. It is a misdemeanor for any person to violate any of the conditions or terms of the special permit.

B. The department shall charge and collect, when the movement consists of any load of a width of twenty feet or greater for a distance of five miles or more, the sum of three hundred dollars (\$300) a day or fraction thereof to defray the cost of state or local police escort. The permit issued and the fee charged shall be based upon the entire movement at one time requiring police escort and not upon the number of vehicles involved.

C. The department shall promulgate regulations in accordance with the State Rules Act pertaining to safety practices, liability insurance and equipment for escort vehicles provided by the motor carrier himself and for escort vehicles provided by a private business in this state.

(1) If a motor carrier provides his own escort vehicles and personnel, the department shall not charge an escort fee but shall provide the motor carrier escort personnel with a copy of applicable regulations and shall inspect the escort vehicles for the safety equipment required by the regulations. If the escort vehicles and personnel meet the requirements set forth in the regulations and if the motor carrier holds a valid certificate of public convenience and necessity or permit, as applicable, issued pursuant to Chapter 65, Article 2 NMSA 1978, the department shall issue the special permit.

(2) If the escort service is a private business, the business shall have applied to the public regulation commission for and been issued a permit or certificate to operate as a contract or common motor carrier pursuant to Chapter 65, Article 2 NMSA 1978. The public regulation commission shall supply copies of applicable regulations to the business by mail and shall supply additional copies upon request. If the escort vehicles and personnel meet the requirements set forth in the regulations and if the escort service holds a certificate, the special permit shall be issued and the department shall not charge an escort fee.

(3) The movement of vehicles upon the highways of this state requiring a special permit and required to use an escort of the type noted in Paragraphs (1) and (2) of this subsection is subject to department authority and inspection at all times.

(4) The state transportation department shall conduct engineering investigations and engineering inspections to determine which four-lane highways are safe for the operation or movement of manufactured homes without an escort. After making that determination, the state transportation department shall hold public hearings in the area of the state affected by the determination, after which it may adopt regulations designating those four-lane highways as being safe for the operation or movement of manufactured homes without an escort. If any portion of such a four-lane highway lies within the boundaries of a municipality, the state highway and transportation department, after obtaining the approval of the municipal governing body, shall include such portions in its regulations.

D. Except for the movement of manufactured homes, special permits may be issued for a single vehicle or combination of vehicles by the department for a period not to exceed one year for a fee of sixty dollars (\$60). The permits may allow excessive height, length and width for a vehicle or combination of vehicles or load thereon and may include a provision for excessive weight if the operation is to be within the vicinity of a municipality. Utility service vehicles, operating with special permits pursuant to this subsection, shall be exempt from prohibitions or restrictions relating to hours or days of

operation or restrictions on movement because of poor weather conditions. (66-7-413 D NMSA 1978)

E. Special permits for a single trip for a vehicle or combination of vehicles or load thereon of excessive weight, width, length and height may be issued for a single vehicle for a fee of fifteen dollars (\$15).

F. If the vehicle for which a permit is issued under this section is a manufactured home, the department or local highway authority issuing the permit shall furnish the following information to the property tax division of the department, which shall forward the information:

(1) to the county assessor of any county from which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to if within the same county, the name of the owner of the manufactured home and the identification and registration numbers of the manufactured home;

(2) to the county assessor of any county in this state to which a manufactured home is being moved, the date the permit was issued, the location being moved from, the location being moved to, the name of the owner of the manufactured home and the registration and identification numbers of the manufactured home; and

(3) to the owner of a manufactured home having a destination in this state, notification that the information required in Paragraphs (1) and (2) of this subsection is being given to the respective county assessors and that manufactured homes are subject to property tax.

G. Except as provided in Subsection H of this section, if the movement of a manufactured home originates in this state, no permit shall be issued under Subsection F of this section until the owner of the manufactured home or his authorized agent obtains and presents to the department proof that a certificate has been issued by the county assessor or treasurer of the county in which the manufactured home movement originates showing that either:

(1) all property taxes due or to become due on the manufactured home for the current tax year or any past tax years have been paid, except for manufactured homes located on an Indian reservation; or

(2) no liability for property taxes on the manufactured home exists for the current tax year or any past tax years, except for manufactured homes located on an Indian reservation.

H. The movement of a manufactured home from the lot or business location of a manufactured home dealer to its destination designated by an owner-purchaser is not

subject to the requirements of Subsection G of this section if the manufactured home movement originates from the lot or business location of the dealer and the manufactured home was part of his inventory prior to the sale to the owner-purchaser; however, the movement of a manufactured home by a dealer or his authorized agent as a result of a sale or trade-in from a nondealer-owner is subject to the requirements of Subsection G of this section whether the destination is the business location of a dealer or some other destination.

I. No permit shall be issued under this section for movement of a manufactured home whose width exceeds eighteen feet with no more than a six-inch roof overhang on the left side or twelve inches on the right side in addition to the eighteen-foot width of the manufactured home. Manufactured homes exceeding the limitations of this section shall only be moved on dollies placed on the front and the rear of the structure.

J. The secretary may by regulation provide for movers of manufactured homes to self-issue permits for certain sizes of manufactured homes over specific routes; however, in no case may the cost of each permit be less than fifteen dollars (\$15.00).

K. The secretary may provide by regulation for dealers of implements of husbandry to self-issue permits for the movement of certain sizes of implements of husbandry from the lot or business location of the dealer over specific routes with specific escort requirements, if necessary, to a destination designated by an owner-purchaser or for purposes of a working demonstration on the property of a proposed owner-purchaser. The department shall charge a fee for each self-issued permit not to exceed fifteen dollars (\$15.00).

L. Any private motor carrier requesting an oversize or overweight permit shall provide proof of insurance in at least the following amounts:

- (1) bodily injury liability, providing;
 - (a) fifty thousand dollars (\$50,000) for each person; and
 - (b) one hundred thousand dollars (\$100,000) for each accident;and
- (2) property damage liability, providing twenty-five thousand dollars (\$25,000) for each accident.

M. Any common motor carrier requesting an oversize permit shall produce a copy of a form "e" or other acceptable evidence that the common motor carrier maintains the insurance minimums prescribed by the public regulation commission. (66-7-413 NMSA 1978)

N. Farm carriers, as defined in Sections 65-2-82 and 65-1-116 NMSA 1978, may transport loads up to twelve feet in width on highways that are not national network

highways without acquiring permits or escorts only if the load consists of hay tied in bales over five feet in either length or width and the load is not transported for any distance greater than fifty miles; provided that the farm carriers display a sign across the front and rear stating "WIDE LOAD" in large visible letters. (66-7-413.1 NMSA 1978)

O. No permit or fee required under this section is necessary for implements of husbandry, including farm tractors and farm trailers when not more than two such farm trailers are towed in tandem, being moved during daylight hours within a county or an adjacent county for a total distance, one way, of not more than fifty miles on any highway:

(1) crossing the farm property of the owner; or

(2) running between separate farm property of the owner.

P. Any person responsible for the movement of implements of husbandry under the provisions of this section shall comply with all safety precautions set forth in this ordinance and in regulations of the state highway commission. (66-7-414 NMSA 1978)

12-6-11.2 SLOW-MOVING VEHICLE IDENTIFICATION.

A. As used in this section, "slow-moving vehicle" means any vehicle which is ordinarily moved, operated or driven at a speed less than twenty-five miles an hour.

B. Each slow-moving vehicle moved, operated or driven on a highway which is open for vehicular travel shall display a slow-moving vehicle emblem or flashing amber light as required by Section 66-3-887 NMSA 1978.

C. Use of the emblem is confined to slow-moving vehicles, and its use on any other type of vehicle or on any stationary object is prohibited. This section does not prohibit the use on slow-moving vehicles of red flags or lawful lighting devices in addition to the slow-moving vehicle emblem.

D. No person shall sell, lease, rent or operate any slow-moving vehicle unless the slow-moving vehicle is equipped with a slow-moving vehicle emblem. (66-3-887 NMSA 1978)

12-6-11.3 ESCORT TO BE FURNISHED FOR MOVEMENT OF HAZARDOUS VEHICLES.

A. When, in the judgment of the administrator, the movement of any vehicle is deemed a hazard to traffic upon a street over which the vehicle is to travel, the granting of permission for the movement thereof may be conditioned upon a special escort accompanying the hazardous vehicle.

B. The special police car escort to safeguard traffic during the movement of the hazardous vehicle shall conform to the provisions of Section 66-7-314 NMSA 1978. (66-7-314 NMSA 1978)

12-6-12.1 OPERATING A MOTOR VEHICLE UNDER THE INFLUENCE OF INTOXICATING LIQUOR OR DRUGS; CHEMICAL TESTING; OFFICER TO FILE STATEMENT; IMMEDIATE LICENSE REVOCATION.

A. It is unlawful for a person who is under the influence of intoxicating liquor to drive a vehicle within this municipality.

B. It is unlawful for:

(2) a person to drive a commercial motor vehicle in this state if the person has an alcohol concentration of four one hundredths or more in the person's blood or breath within three hours of driving the commercial motor vehicle and the alcohol concentration results from alcohol consumed before or while driving the vehicle.

C. It is unlawful for a person who is under the influence of any drug to a degree which renders him incapable of safely driving a vehicle to drive a vehicle within this municipality. The fact that any person charged with a violation of this subsection is or has been entitled to use such drug under the laws of this state is not a defense against the charge.

D. Aggravated driving while under the influence of intoxicating liquor or drugs consists of a person who:

(1) drives a vehicle in this state and has an alcohol concentration of sixteen one-hundredths or more in the person's blood or breath within three hours of driving the vehicle and the alcohol concentration results from alcohol consumed before or while driving the vehicle;

(2) has caused bodily injury to a human being as a result of the unlawful operation of a motor vehicle while driving under the influence of intoxicating liquor or drugs; or

(3) refused to submit to chemical testing, as provided for in the Implied Consent Act (66-8-105 to 66-8-112 NMSA 1978), and in the judgment of the court, based upon evidence of intoxication presented to the court, was under the influence of intoxicating liquor or drugs. (66-8-102 NMSA 1978).

E. Any person who operates a motor vehicle within this municipality shall be deemed to have given consent, subject to the provisions of the Implied Consent Act, to chemical tests of his breath or blood or both, approved by the scientific laboratory division of the Department of Health pursuant to the provision of Section 24-1-22 NMSA 1978 as determined by a law enforcement officer, or for the purpose of determining the drug or alcoholic content of his blood, if arrested for any offense arising out of the acts alleged to have been committed while the person was driving a motor vehicle while under the influence of an intoxicating liquor or any drug.

F. A test of blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to Section 24-1-22 NMSA 1978, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving a motor vehicle within this municipality, while under the influence of intoxicating liquor or drug. (66-8-107 NMSA 1978)

G. Any person who is dead, unconscious or otherwise in a condition rendering him incapable of refusal, shall be deemed not to have withdrawn the consent provided by Section 12-6-12.1E, and the test or tests designated by the law enforcement officer may be administered. (66-8-108 NMSA 1978)

H. Only the persons authorized by Section 66-8-103 NMSA 1978 shall withdraw blood from any person for the purpose of determining its drug or alcoholic content. This limitation does not apply to the taking of samples of breath.

I. The person tested shall be advised by the law enforcement officer of the person's right to be given an opportunity to arrange for a physician, licensed professional or practical nurse, or laboratory technician or technologist who is employed by a hospital or physician, of his own choosing to perform a chemical test in addition to any test performed at the direction of a law enforcement officer.

J. Upon the request of the person tested, full information concerning the test or tests performed at the direction of the law enforcement officer shall be made available to him as soon as it is available from the person performing the test.

K. The law enforcement agency represented by the law enforcement officer at whose direction the chemical test is performed shall pay for the chemical test.

L. If a person exercises his right under Subsection I to have a chemical test performed upon him by a person of his own choosing, then the cost of that test shall be paid by the law enforcement agency represented by the law enforcement officer at whose direction a chemical test was administered under Subsection E. (66-8-109 NMSA 1978)

M. The results of a test performed pursuant to the Implied Consent Act may be introduced into evidence in any civil action or criminal action arising out of the acts alleged to have been committed by the person tested for driving a motor vehicle while under the influence of intoxicating liquor or drug.

N. When the blood or breath of the person tested contains:

(1) an alcohol concentration of less than four one-hundredths or less, it shall be presumed that the person was not under the influence of intoxicating liquor;

(2) an alcohol concentration of at least four one-hundredths but less than eight one-hundredths, no presumption shall be made that the person either was or was not under the influence of intoxicating liquor unless the person is driving a commercial vehicle and the amount of alcohol in the person's blood or breath may be considered with other competent evidence in determining whether or not the person was under the influence of intoxicating liquor;

(3) an alcohol concentration of eight one-hundredths or more, the arresting officer shall charge him with a violation of this section; or

(4) an alcohol concentration of four one-hundredths or more and the person is driving a commercial vehicle, it shall be presumed that the person is under the influence of intoxicating liquor. (66-8-110 NMSA 1978)

O. If the test performed pursuant to the Implied Consent Act is administered more than three hours after the person was driving a vehicle, the test result may be introduced as evidence of the alcohol concentration in the person's blood or breath at the time of the test and the trier of fact shall determine what weight to give the test result for the purpose of determining a violation of Sec. 12-6-12.1. (66-8-110 NMSA 1978)

P. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

An offender ordered by the court to attend a boating safety course shall provide the court with proof that the offender successfully completed the course within seven months of his conviction or prior to completion of his probation, whichever period of time is less. In addition to those penalties, when an offender commits aggravated boating while under the influence of intoxicating liquor or drugs, the offender shall be sentenced to not less than forty-eight consecutive hours in jail and may be fined not more than seven hundred fifty dollars (\$750). On a first conviction under this section, any time spent in jail for the offense prior to the conviction for that offense shall be credited to any term of imprisonment fixed by the court. A deferred sentence pursuant to this subsection shall be considered a first conviction for the purpose of determining subsequent convictions.

F. A second or subsequent conviction pursuant to this section shall be punished, notwithstanding the provisions of Section 31-18-13 NMSA 1978, by imprisonment for not more than three hundred sixty-four days or by a fine of not more than seven hundred fifty dollars (\$750), or both; provided that if the sentence is suspended in whole or in part, the period of probation shall not exceed one year. In addition to those penalties, when an offender commits aggravated boating while under the influence of intoxicating liquor or drugs, the offender shall be sentenced to not less than forty-eight consecutive hours in jail and may be fined not more than one thousand dollars (\$1,000).

12-6-17.3 **GUILTY PLEAS—LIMITATIONS** When a complaint or information alleges a violation of 12-6-17.2 any plea of guilty thereafter entered in satisfaction of the charges shall include at least a plea of guilty to the violation of one of the subsections of 12-6-17.2, and no other disposition by plea of guilty to any other charge in satisfaction of the charge shall be authorized if the results of a test performed pursuant to that act disclose that the blood or breath of the person charged contains an alcohol concentration of eight one hundredths or more.

12-6-17.4 **BLOOD-ALCOHOL TESTS--PERSONS QUALIFIED TO PERFORM TESTS--RELIEF FROM CIVIL AND CRIMINAL LIABILITY.** Only a

physician, licensed professional or practical nurse or laboratory technician or technologist employed by a hospital or physician shall withdraw blood from a person in the performance of a blood-alcohol or drug test. A physician, nurse, technician or technologist who withdraws blood from a person in the performance of a blood-alcohol or drug test that has been directed by a law enforcement officer, or by a judicial or probation officer, shall not be held liable in a civil or criminal action for assault, battery, false imprisonment or any conduct of a law enforcement officer, except for negligence, nor shall a person assisting in the performance of the test, or a hospital wherein blood is withdrawn in the performance of the test, be subject to civil or criminal liability for assault, battery, false imprisonment or any conduct of a law enforcement officer, except for negligence.

12-6-17.5 BLOOD-ALCOHOL TEST--LAW ENFORCEMENT, JUDICIAL OR PROBATION OFFICER UNAUTHORIZED TO MAKE ARREST OR DIRECT TEST EXCEPT IN PERFORMANCE OF OFFICIAL DUTIES AUTHORIZED BY LAW. Nothing in this Act is intended to authorize a law enforcement officer, or a judicial or probation officer, to make an arrest or direct the performance of a blood-alcohol or drug test, except in the performance of his official duties or as otherwise authorized by law.

12-6-17.6 IMPLIED CONSENT TO SUBMIT TO CHEMICAL TEST

A. A person who operates a motorboat within this state shall be deemed to have given consent, subject to the provisions of the Boating While Intoxicated Act, to chemical tests of his blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978 as determined by a law enforcement officer, or for the purposes of determining the drug or alcohol content of his blood if arrested for any offense arising out of acts alleged to have been committed while the person was operating a motorboat while under the influence of an intoxicating liquor or drug.

B. The arrested person shall be advised by a law enforcement officer that failure to submit to a chemical test may be introduced into evidence in court and that the court, upon conviction, may impose increased penalties for the person's failure to submit to a chemical test.

C. A test of blood or breath or both, approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been operating a motorboat while under the influence of an intoxicating liquor or drug.

D. A person who operates a motorboat in this state and who is involved in a fatal boating incident shall be deemed to have given consent, subject to the provisions of the Boating While Intoxicated Act, to mandatory chemical tests of his blood or breath or both, as determined by a law enforcement officer and approved by the scientific laboratory division of the department of health pursuant to the provisions of Section 24-1-22 NMSA 1978.

12-6-17.7 CONSENT OF PERSON INCAPABLE OF REFUSAL NOT WITHDRAWN.

A person who is dead, unconscious or otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn the consent provided by the Boating While Intoxicated Act, and the test designated by the law enforcement officer may be administered.

12-6-17.8 ADMINISTRATION OF CHEMICAL TEST--PAYMENT OF COSTS--ADDITIONAL TESTS.

A. Only the persons authorized by the Boating While Intoxicated Act shall withdraw blood from a person for the purpose of determining its alcohol or drug content. This limitation does not apply to the taking of samples of breath.

B. The person tested shall be advised by the law enforcement officer of the person's right to be given an opportunity to arrange for a physician, licensed professional or practical nurse or laboratory technician or technologist who is employed by a hospital or physician of his own choosing to perform a chemical test in addition to a test performed at the direction of a law enforcement officer.

C. Upon the request of the person tested, full information concerning the test performed at the direction of the law enforcement officer shall be made available to him as soon as it is available from the person performing the test.

D. The agency represented by the law enforcement officer at whose direction the chemical test is performed shall pay for the chemical test.

E. If a person exercises his right under Subsection B of this section to have a chemical test performed upon him by a person of his own choosing, the cost of that test shall be paid by the agency represented by the law enforcement officer at whose direction a chemical test was administered pursuant to 12-6-17.6.

12-6-17.9 USE OF TESTS IN CRIMINAL OR CIVIL ACTIONS--LEVELS OF INTOXICATION--MANDATORY CHARGING

A. The results of a test performed pursuant to the Boating While Intoxicated Act may be introduced into evidence in a civil action or criminal action arising out of the acts alleged to have been committed by the person tested for operating a motorboat while under the influence of intoxicating liquor or drugs.

B. When the blood or breath of the person tested contains:

(1) an alcohol concentration of five one hundredths or less, it shall be presumed that the person was not under the influence of intoxicating liquor; or

(2) an alcohol concentration of more than five one hundredths but less than eight one hundredths, no presumption shall be made that the person either was or was not under the influence of intoxicating liquor. However, the amount of alcohol in the person's blood or breath may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor.

C. When the blood or breath of the person tested contains an alcohol concentration of eight one hundredths or more, the arresting officer shall charge him with a violation of 12-7-17.2.

D. The determination of alcohol concentration shall be based on the grams of alcohol in one hundred milliliters of blood or the grams of alcohol in two hundred ten liters of breath.

E. The alcohol concentration in a person's blood or breath shall be determined by a chemical test administered to the person within three hours of the alleged boating while under the influence of intoxicating liquor. In a prosecution pursuant to the provisions of the Boating While Intoxicated Act, it is a rebuttable presumption that a person is in violation of the provisions of that act if he has an alcohol concentration of eight one hundredths or more in his blood or breath as determined by a chemical test administered to the person within three hours of the alleged boating while under the influence of intoxicating liquor. If the chemical test is administered more than three hours after the alleged boating while under the influence of intoxicating liquor, the test result is admissible as evidence of the alcohol concentration in the person's blood or breath at the time of the alleged boating and the trier of fact shall determine what weight to give the test result.

F. The presumptions in Subsection B of this section do not limit the introduction of other competent evidence concerning whether the person was under the influence of intoxicating liquor.

G. If a person is convicted of operating a motorboat while under the influence of intoxicating liquor or drugs, the trial judge shall be required to inquire into past convictions of the person for operating a motorboat while under the influence of intoxicating liquor or drugs before sentence is entered in the matter.

12-6-17.10 MOTORBOATS--INFLUENCE OF INTOXICATING LIQUOR OR DRUGS--FEE UPON CONVICTION

A. A person convicted of a violation of the Boating While Intoxicated Act shall be assessed by the court, in addition to any other fee or fine, a fee of sixty-five dollars (\$65.00) to defray the costs of chemical and other tests used to determine the influence of intoxicating liquor or drugs.

B. All fees collected pursuant to the provisions of this section shall be transmitted monthly to the crime laboratory fund. All balances in the crime laboratory

fund collected pursuant to this section are appropriated to the administrative office of the courts for payment upon invoice to the scientific laboratory division of the department of health for the costs of chemical and other tests used to determine the influence of intoxicating liquor or drugs.

C. Payment of funds out of the crime laboratory fund of fees collected pursuant to this section shall be made upon vouchers issued and signed by the director of the administrative office of the courts upon warrants drawn by the department of finance and administration.

(3) each subsequent violation in a Class 4 penalty category will result in an additional penalty of two hundred dollars (\$200).

D. Multiple violations for the same incident shall be treated as a single event and shall not result in graduated penalties.

E. The term "penalty assessment misdemeanor" does not include a violation that has caused or contributed to the cause of an accident resulting in injury or death to a person.

12-9-4.5 ENFORCEMENT.

A. *Parking Fine Notification.*

(1) **Form and contents.** The parking fine notification shall state and

contain the license plate number, the date and time of the parking fine notification; the type of violation, the location of the violation, the amount of the fine, the due date and address where payment shall be mailed or paid in person. The parking fine notification shall conspicuously and in bold face type state; "Failure to pay this fine on time may lead to serious legal consequences including the assessment of additional fines." The parking fine notification shall inform the registered owner that within fifteen (15) days of the date of issue of the parking citation or due date of notice, the owner may either pay the fine or submit a request for hearing to the parking violations bureau on a form provided by the parking violations bureau, in accordance with Subsection 12-9-4.6(B)(2) SFCC 1987.

(2) **Delivery.** Correspondence from the city regarding parking citations shall be delivered to the address of the registered owner of a vehicle which has received a parking violation citation according to the address registered with the motor vehicles department (MVD). The registered owner has a duty to timely notify MVD of a change of address or if vehicle was stolen. The failure to do so does not entitle the registered owner to assert the defense of inadequate notice. The mailing of a parking citation notification to the address of the registered owner of a vehicle according to the records of MVD is constructive notice of a parking citation notification.

B. *Response to a Parking Citation Notification.* Within fifteen (15) days from the date of issuance of the citation or from the date of first notice, the registered owner shall pay the fine or submit a request for a hearing.

(1) *Payment of the parking fine.* Upon receipt of the parking citation notification, the recipient may elect to acknowledge the violation and pay the fine. To proceed under this paragraph, the recipient shall acknowledge the violation by signing and dating the parking citation notification on a space provided and returning the parking citation notification with payment to the parking violations bureau within fifteen (15) days from the date of issuance of the citation. The city may, but is not required to, adopt procedures for alternative methods of payment of citations using the internet or other on-line services. There shall be a fifty dollar (\$50.00) penalty for any payment tendered that is not honored or is returned for any reason.

(2) *Request for administrative review.* The recipient of a parking citation may submit in writing within fifteen (15) days from the date of issuance of the parking citation or date of notice, a request for an administrative review of their citation. Parking violations bureau staff will conduct an administrative review of the evidence provided and make a decision of the citizen's review request. Parking violations bureau staff will then notify the appellant within ten (10) business days of the decision. Parking violations bureau staff shall then verify citation status, including the disposition following administrative review, whether the fine has been paid, and shall confirm whether an administrative hearing request has been made within fifteen (15) days following the mailing of the notice of the results of

the administrative review.

(3) Request for administrative hearing. If all parking violations bureau defined requirements are met, and a request for an administrative hearing has been received within fifteen (15) days following the mailing of the notice of the results of the administrative review, parking violations bureau staff shall schedule a hearing with the hearing officer within five (5) business days from date of receipt of the request for an administrative hearing from the registered owner. The administrative hearing date will be selected based on the hearing officer's schedule and availability. Citizen's availability will be accommodated based upon the hearing officer's availability. An amount equal to the original citation fine amount shall accompany a request for an administrative hearing, and this payment will be held as a deposit until a decision has been made by the hearing officer. If the decision of the hearing officer is in favor of the hearing requestor, then the deposited amount will be returned to the registered owner of the vehicle, or if the deposit was made in the form of a check, then the deposit will be returned the account holder of the checking account.

If the hearing officer decides to uphold the citation, then the deposited amount shall be applied to other unpaid parking citations directly linked to the registered owner in the order of the oldest citation being paid first until the deposited amount is fully consumed. Should a balance of the deposited amount remain after all outstanding citations have been paid, then the remaining balance will be returned to the registered owner, or if the deposit was made in the form of a check, then the balance of the deposit will be returned to the account holder of the checking account.

(4) If an appeal is denied by the hearing officer, the appellant may file an appeal in the first judicial district court, county of Santa Fe, under Rule 1-074 NMRA. If the court rules in favor of the appellant, the citation account will be closed, no further action by the appellant will be necessary, and the amount of the citation which was previously deposited with the city will be reimbursed to the appellant by the parking violations bureau.

C. *Revenue.* The revenue generated through parking violation fines, penalties, fees, hearings and collections shall be retained by the city's parking division. The parking division shall be responsible for paying all costs associated with the hearing officer, or a collection contract or other contractors that assist the city in imposing and collecting parking violation fines and penalties, and other costs or fees.

D. *Default with forfeit of hearing on the merits.* If the city does not receive payment of the fine or a request for a hearing within fifteen (15) days from the date of issuance of the parking citation or notice, the registered owner is in default. Default automatically results in liability to the registered owner of the vehicle for the violation and the registered owner is barred from requesting or obtaining any hearing after the date of the default. Additional penalties as defined in 12-9-4.4A will be added to the original fine

amount for all non-disability parking citations. The parking violations bureau shall mail the notice of default to the defaulting party. The notice of default shall inform the recipient that they have fifteen (15) days from the date of mailing of the notice of default to pay the fine and default penalty. If the default is not cured within fifteen (15) days, the city may pursue all remedies for collection of a debt including turning over the amount to an outside collection agency and reporting to all major credit bureaus and is entitled to an award of reasonable attorney's fees incurred. An uncured notice of default shall be entered into the records of the parking violations bureau. Defaulting accounts, including collections agency fees, shall be promptly sent to a contracted collection agency, and once sent to a collection agency the default may only be cured by payment directly to the collection agency. A. There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least three hundred fifty feet ahead for all conditions of loading.

B. There shall be a lowermost distribution of light, or composite beam, so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least one hundred feet ahead; and on a straight level road under any condition of loading none of the high-intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

C. Every new motor vehicle registered in this state after July 1, 1953, which has multiple beam road lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the headlamps is in use, and shall not otherwise be lighted. The indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped. (66-3-830 NMSA 1978)

Flashing red lights may be used as warning lights on disabled or parked vehicles and on any vehicle as a means of indicating turn.

D. A recovery or repair vehicle standing on a highway for the purpose of removing, and actually engaged in removing, disabled vehicles, and while engaged in towing any disabled vehicle, may display flashing lights in any color except red. This provision shall not be construed as permitting the use of flashing lights by recovery or repair vehicles in going to or returning from the location of disabled vehicles unless actually engaged in towing a disabled vehicle.

E. Only fire department vehicles, law enforcement agency vehicles, ambulances and school buses may display flashing red lights visible from the front of the vehicle. All other vehicles authorized by the New Mexico Vehicle Code to display flashing lights visible from the front of the vehicle may use any other color of light that is visible. (66-3-835 NMSA 1978)

12-10-1.45 LIGHTS ON SNOW REMOVAL EQUIPMENT. It shall be unlawful to operate any snow removal equipment on any street unless the lamps thereon comply with and are lighted when and as required by the standards and specifications adopted by the State Highway Commission as provided in Section 66-3-836 NMSA 1978. (66-3-836 NMSA 1978)

12-10-1.47 STOPPED VEHICLES NOT TO INTERFERE WITH OTHER TRAFFIC. No motor vehicle shall be stopped, parked, or left standing, whether attended or unattended, upon the traveled portion of any street outside of a business or residence district, when it is practicable to stop, park, or leave such vehicle off the traveled portions of the street. In the event that conditions make it impracticable to move such motor vehicle from the traveled portion of the street, the driver shall make every effort to leave all possible width of the street opposite the standing vehicle for the free passage of other

vehicles and he shall take care to provide a clear view of the standing vehicle as far as possible to the front and rear. (66-3-852 NMSA 1978)

12-10-1.48 EMERGENCY SIGNALS--DISABLED VEHICLE. Whenever any motor vehicle is disabled upon the traveled portion of any street or the shoulder thereof, when lighted lamps are required, except where there is sufficient street lighting to make it clearly discernible to persons and vehicles on the street at a distance of five hundred feet, the following requirements shall be observed:

A. The driver of such vehicle shall immediately place on the traveled portion of the street at the traffic side of the disabled vehicle, a lighted fuse and lighted red electric lantern, or a red emergency reflector.

(2) one at a distance of approximately one hundred feet in the opposite direction from the disabled vehicle in the center of the traffic lane occupied by such vehicle; and

(3) one at the traffic side of the disabled vehicle, not less than ten feet to the front or rear thereof. If a red electric lantern or red emergency reflector has been placed on the traffic side of the vehicle in accordance with Subsection A of this section, it may be used for this purpose.

C. If disablement of any motor vehicle shall occur within five hundred feet of a curve, crest of a hill, or other obstruction to view, the driver shall so place the warning signal in that direction as to afford ample warning to other users of the street, but in no case less than one hundred feet nor more than five hundred feet from the disabled vehicle.

D. If gasoline or any other flammable or combustible liquid or gas seeps or leaks from a fuel container of a motor vehicle disabled or otherwise stopped upon a street, no emergency warning signal producing a flame shall be lighted or placed except at such a distance from any such liquid or gas as will assure the prevention of a fire or explosion. (66-3-853 NMSA 1978)

12-10-1.49 NON-EMERGENCY SIGNALS--STOPPED OR PARKED VEHICLES. Whenever for any cause other than disablement or necessary traffic stops, any motor vehicle is stopped upon the traveled portion of any street, or shoulder thereof, during the time lights are required, except where there is sufficient street lighting to make

(66-8-123 B NMSA 1978)

D. This section governs all police officers in making arrests without warrant for violations of the New Mexico Motor Vehicle Code, this ordinance and other laws relating to motor vehicles but the procedure prescribed is not exclusive of any other method prescribed by law for the arrest and prosecution of a person violating these laws. The court shall notify the Department if a defendant fails to appear on a charge of violating the Motor Vehicle Code or other law or ordinance relating to motor vehicles.

B. B. The foregoing stated presumption shall apply only when the procedure as prescribed in Sections 12-12-12 and 12-12-13 has been followed. (*)

12-12-15 WHEN WARRANT TO BE ISSUED. In the event any person fails to comply with a traffic citation given to the person or attached to a vehicle or fails to make appearance pursuant to a summons directing an appearance in the municipal court or the traffic violations bureau, or if any person fails or refuses to deposit bail as required and within the time permitted by ordinance, the municipal judge shall issue either a summons or a warrant for his arrest. (*)

12-12-18 **AUTHORITY TO REMOVE OR RELOCATE VEHICLES.**

A. Definitions, for purposes of this section:

(1) "Chief" shall mean the Chief of Police of the municipal police department or his designated representative.

(2) "Impound" shall mean the towing and storage of a motor vehicle as authorized in this section.

(3) "Owner" of a vehicle shall mean the registered owner or owners of a vehicle as recorded with the New Mexico department of motor vehicles or similar agency of a state outside New Mexico. Where written notice to the owner is required by this section, such notice shall be given to each registered owner. Where appearance of the owner is required by this section, appearance may be by a person authorized by the owner to appear on his behalf.

(4) "Sign" shall mean a printed notification to the public giving notice of the possibility of removal of a vehicle by stating that the area is a tow-away zone, or that the violation of the restrictions stated on the sign may result in towing, and the sign must be readily visible from the point of removal.

(5) "Written Notice" shall mean notice sent by certified mail, return receipt requested, to the last known address of the owner:

(a) When such notice is required under the terms of this section, weekends and holidays shall not be included when calculating the time for mailing notice.

(b) When a vehicle is registered in a state outside New Mexico, the Chief shall make all reasonable and diligent efforts to ascertain the name and address of all registered owners. If the name and address information for an in-state or out-of-state registered vehicle is not available soon enough to meet the time deadlines for mailing written notice, then the notice shall be mailed as soon as possible after the information is received.

(c) As a valid substitute for "written notice" as defined herein, notice may be given by personal service or in any other reasonable manner, so long as actual notice is given to at least one owner within the time limits provided. Notice may be effected by verbal notice to an owner, or to the

driver or passenger of a vehicle, if the driver or passenger reasonably appears to have custody of the vehicle with the owner's knowledge and permission. Verbal notice to the owner, driver or passenger shall be valid, however, only if the person so notified is given all the information required in the written notice and the person is given in writing a phone number where the owner, driver or passenger can obtain further information from a municipal employee.

(d) If notice cannot be given per the other provisions of this paragraph, notice shall be given by publication once in a newspaper of general circulation in the community as soon as practicable after reasonable and diligent efforts to give notice as provided elsewhere in this paragraph prove fruitless. (*)

B. Prohibition of Removal and Relocation. It is unlawful for a municipal officer, or any municipal employee, to remove or relocate, or cause to be removed or relocated, any unattended vehicle from any street, alley or public way within the municipal corporate limits, except as provided in this section. (*)

C. Impoundment of Vehicles Generally.

(1) Any vehicle impounded pursuant to this section shall be towed in accordance with state and local law to an authorized private storage facility or an area designated or maintained by the police department or by the municipality. The person authorizing impoundment shall issue signed and dated instructions in writing to the storage facility specifically stating whether the vehicle is to be held for investigation or as evidence, or whether it may be released to the owner after all attendant charges have been satisfied pursuant to Subsection H of this section. If the vehicle has been in storage for over 30 days after written notice is given and no hearing has been requested or the vehicle has not been claimed per the provisions of this section, then the storage facility operator may sell the vehicle per the provisions of applicable state law.

(2) If any vehicle is about to be removed, relocated or is in the process of being removed or relocated and the owner thereof or his agent appears and claims the vehicle and agrees forthwith to remove it or relocate it, such vehicle shall be delivered to such owner or agent upon demand therefore and upon furnishing satisfactory evidence of identity and ownership or agency. If any such owner or agent shall fail, refuse or neglect to forthwith remove such vehicle, such vehicle shall nevertheless be impounded or relocated. Removal by such owner or agent shall not relieve the offender of liability for any towing costs already incurred or for any fine or penalty for the violation of any law or ordinance for which the vehicle was to be removed or relocated. (*)

D. Circumstances Permitting Summary Vehicle Impoundment or Relocation.

(1) Any municipal police officer, or any municipal employee who is authorized to direct traffic or enforce state or local parking or motor vehicle laws, may order the impoundment of any vehicle within the municipal corporate limits, without prior notice to the owner or operator thereof, under the following circumstances:

(a) when any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction or hazard to traffic; (66-7-350 NMSA 1978)

(b) when any vehicle is parked or left standing upon a street, alley, or public way in such a position as to obstruct the normal movement of traffic or in such a condition as to create a hazard to other traffic;

(c) when any vehicle is found upon a street, alley, public way or private property, and an offense report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been stolen, and the owner is not available to, or cannot, immediately provide for its custody or removal; (*)

(d) when any vehicle is parked so as to block the entrance to a public or private driveway; (66-7-351 NMSA 1978)

(e) when any vehicle is parked within fifteen (15) feet of a fire hydrant, is illegally parked so as to prevent access by firefighting equipment to a fire hydrant, or is illegally parked in a properly designated fire lane;

(f) when the person or persons in charge of a vehicle are by reason of physical injuries, intoxication, illness or other cause incapacitated to such an extent as to be unable to provide for its custody or removal, and (i) the vehicle is left as described elsewhere in Paragraph 1 of this subsection, or (ii) the location of the vehicle is such that a reasonable person would believe that its owner would desire its relocation or removal. However, nothing in this subparagraph shall prevent a person who is incapacitated and is not intoxicated or otherwise mentally impaired from requiring that the vehicle not be moved if the sole basis for removal is pursuant to part (ii) of this subparagraph;

(g) when the driver or person in control of a vehicle is lawfully taken into custody by a police officer, and said person is unable to immediately provide for the custody or removal of the vehicle, and (i) the vehicle is left as described elsewhere in paragraph 1 of this subsection or (ii) the location of the vehicle is such that a reasonable person would believe that its owner would desire its relocation or removal. However, nothing in this subparagraph shall prevent a person who is taken into custody and is not intoxicated or otherwise mentally impaired from requiring that the

vehicle not be moved if the sole basis for removal is pursuant to (ii) of this subparagraph;

(h) when an abandoned, unattended, wrecked, burned or partially dismantled vehicle is creating a traffic hazard because of its position in relation to the street, alley, or public way or its physical appearance is causing traffic to be impeded; (*)

(i) wherever the use of a street, alley or public way or any portion thereof is authorized by the municipality for a purpose other the normal flow of traffic, or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with such use or movement, and signs giving notice that a parked vehicle may be towed are erected or placed along the street, alley or public way at least 24 hours prior to the removal; (66-7-351 NMSA 1978)

(j) when any vehicle is parked or left standing where stopping is prohibited by ordinance or other state or local law. No vehicle may be removed pursuant to this paragraph unless signs are posted at least 24 hours prior to the removal giving notice that the area is a tow-away zone;

(k) when any vehicle is parked or standing in a manner so as to obstruct necessary emergency services, law enforcement services, the routing of traffic at the scene of a disaster, or when removal is otherwise necessary in the interest of public safety because of any emergency, and moving the vehicle to a legal parking location is impractical. However, the owner or operator of a vehicle so relocated or removed shall not be subject to any relocation, removal or storage charges, if the vehicle is otherwise lawfully parked. Such charges shall be paid by the municipality, except that in the case of emergency utility repairs such charges shall be paid by the utility company seeking removal;

(l) when a vehicle is parked, left unattended or abandoned during a fire, flood, storm or other public emergency which is apt to cause substantial damage to the vehicle, removal is in the best interest of the owner, and moving the vehicle to a safe legal location is impractical;

(m) when a vehicle is either unattended or disabled and loaded with either a dangerous, flammable, combustible or explosive substance which, either by its presence or load conditions is likely to harm the health or safety of the public and moving the vehicle to a safe, legal location is impractical;

(n) when any vehicle is parked in such a manner as to obstruct or interfere with any road, sidewalk or right-of-way maintenance or construction, or any non-emergency utility work, and it is impractical to

relocate the vehicle to another point where parking is legal. No vehicle shall be removed unless signs are posted giving notice of the work to be done and the possibility of removal at least 24 hours prior to the removal; or

(o) when a vehicle is parked: on a sidewalk; within an intersection; on a crosswalk; within twenty (20) feet of a crosswalk at an intersection; within thirty (30) feet upon the approach to any flashing beacon, stop sign or traffic control signal located at the side of a roadway; between a safety zone and the adjacent curb or within thirty (30) feet of points on the curb immediately opposite the ends of a safety zone, unless the municipality indicates a different length by signs or markings; within fifty (50) feet of the nearest rail of a railroad crossing; within twenty (20) feet of the driveway entrance to any fire station and if properly signposted on the side of the street opposite the fire station entrance where posted; alongside or opposite any street excavation or obstruction when stopping, standing or parking would obstruct traffic; or on the roadway side of any vehicle stopped or parked at the edge or curb of a street. (66-7-351 NMSA 1978)

(2) In lieu of towing and impoundment, a municipal police officer, or any municipal employee who is authorized to direct traffic or enforce state or local parking or motor vehicle laws, may relocate or cause to be relocated any vehicle from any street, alley or public way within the municipal corporate limits, without prior notice to the owner or operator thereof when the relocation to a safe, legal location is practical and the vehicle is found under the circumstances set forth in subparagraphs e, k, l, m or n of paragraph 1 of this subsection. (*)

(3) Whenever a vehicle could be impounded, removed or relocated pursuant to subsection D of this section and the driver of the vehicle is present, the police officer or authorized employee may order the driver to move the vehicle to another location. (66-7-350)

E. Notice and Procedure Following Summary Impoundment or Relocation.

(1) After a vehicle is towed or relocated pursuant to subsection D of this section, the Chief shall send written notice within 24 hours of the towing to the owner of the vehicle.

(2) The notice shall contain the following information:

- (a) the license plate number, make, type and color of the vehicle;
- (b) the location of the vehicle at the time of impoundment or relocation;

(c) a statement that the vehicle has been taken into custody and stored, or a statement that the vehicle has been relocated;

(d) the reason for impoundment or relocation;

(e) the location and telephone number of the storage facility where the vehicle is being kept or the place to which the vehicle was relocated;

(f) a statement that daily storage charges will be assessed in addition to a towing charge if the removal was proper;

(g) a statement that the owner may obtain release of the vehicle by posting bond or paying all amounts due under this ordinance;

(h) a statement that the owner has the right to contest the validity of the impoundment or relocation by requesting in writing a hearing before the municipal judge within thirty (30) days after written notice is given;

(i) a statement that failure to obtain release of the vehicle if impounded will cause it to be sold or otherwise disposed of in accordance with state law; and

(j) a phone number and name or title of a municipal employee from whom the owner can obtain further information.

(3) The hearing, if requested in a timely manner, shall be held within 120 hours (excluding weekends and holidays) of receipt of the request unless the hearing is continued with the agreement of the owner. The municipal judge's decision shall be limited to:

(a) whether the vehicle was lawfully impounded or relocated for one or more of the reasons set forth in Subsection D of this section and

(b) whether the vehicle, if lawfully impounded, should be released at the City's expense.

Upon receipt of the request for a hearing on the legality of an impoundment, the municipal judge shall notify the storage facility of the hearing and no lien shall be foreclosed by the storage facility as allowed by state law until the judge has ruled on the legality of the impoundment. If the municipal judge finds that the vehicle in question was not lawfully impounded or that the vehicle should otherwise be released at the municipality's expense, he shall issue and date a Certificate of Release, indicating the unlawful impoundment, or the release at municipal expense, or both, and a copy of the release shall be given to the owner of the vehicle. Upon receipt of the owner's copy of such certificate, the authorized storage facility having

custody of the vehicle shall release the vehicle to its owner and towing and storage fees shall be paid by the municipality in accordance with arrangements to be made between the municipality and the authorized storage facility. If the owner fails to present such certificate to the authorized storage facility having custody of the vehicle within 24 hours of its receipt, excluding days when the authorized storage facility is not open for business, the owner shall assume liability for all subsequent storage charges. The certificate shall advise the owner of such requirement.

(4) The decision of the municipal judge may be appealed to the district court. (*)

F. Abandoned Vehicles.

(1) Any municipal police officer, or any municipal employee who is authorized to direct traffic or enforce state or local parking or motor vehicle laws, may order the impoundment of any abandoned vehicle within the municipal corporate limits. A vehicle is abandoned if:

(a) the vehicle is parked on or along any street, alley or public way and the vehicle displays no current license plate; or

(b) the vehicle is left unattended on or along any street, alley or public way in the same place for a period of 72 hours without a valid police sticker as defined in paragraph 2 of this subsection.

(2) The Chief may issue a sticker temporarily permitting street storage, upon application of any owner or agent of an owner for any vehicle which is operable and has a current license plate. Stickers shall expire fifteen (15) days after issuance. No owner, whether an individual, business, corporation, organization, partnership or trust, is entitled to more than four stickers at any time.

(3) When a vehicle is abandoned on or along a street, alley or public way under circumstances which do not allow summary removal or relocation pursuant to subsection D of this section, a notice shall be attached to the vehicle in a manner which is readily visible containing the following information:

(a) the date and time the notice is affixed to the automobile;

(b) a statement that, pursuant to this section of this ordinance the vehicle will be considered abandoned and may be towed and stored at the owner's expense if it is not removed within ten (10) days of the time that the notice is affixed;

(c) a statement that if the vehicle is impounded and no hearing is requested or it is not claimed, it can be sold after thirty (30) days as provided in state law;

(d) a statement that the owner has the opportunity to challenge the proposed action at a hearing if a written request is submitted to the municipal judge within 72 hours after notice is given as provided in paragraph 4 of this subsection;

(e) the telephone number where additional information can be obtained; and

(f) the identity of the person affixing the notice.

(4) Written notice containing the same information specified in paragraph 3 of this subsection plus the location and a description of the vehicle shall be mailed to the owner of the vehicle within 24 hours after the notice is affixed. However, if written notice is not given within 24 hours after the notice is placed on the vehicle, then the ten (10) day waiting period shall be extended the amount of time between the placing of notice on the vehicle and the giving of written notice.

(5) Upon timely receipt of a request for a hearing, the municipal judge shall order a delay of the impoundment of the vehicle until after the hearing.

(6) The hearing, if requested in a timely manner, shall be held within 120 hours (excluding weekends and municipal holidays) of receipt of the request, unless the hearing is continued with the agreement of the owner. At the hearing, the municipal judge shall only determine whether the vehicle is or is not abandoned.

(7) If the municipal judge determines that the vehicle is abandoned, he shall so notify the Chief, who shall cause the impoundment of the vehicle, unless the vehicle is removed within 24 hours of the judge's decision.

(8) If the vehicle is removed pursuant to paragraph 7 of this subsection, a person challenging the impoundment shall be entitled to challenge the decision of the municipal judge by appeal to District Court.

(9) If an abandoned vehicle is impounded, and the owner has not obtained a hearing prior to the impoundment, the owner may file a request for a hearing with the municipal judge on the legality of the impoundment within thirty (30) days after impoundment. Upon receipt of the request for a hearing, the municipal judge shall notify the storage facility of the hearing and no lien shall be foreclosed by the storage facility as allowed by state law until the judge has ruled on the legality of the impoundment. If the municipal judge rules that the impoundment was illegal, then the municipal judge shall issue and date a Certificate of Release and a copy of the release shall be given to the owner of the vehicle. Upon receipt of the owner's copy of such certificate, the authorized storage facility having custody of the vehicle shall release the vehicle to its owner and towing and

storage fees shall be paid by the municipality in accordance with arrangements to be made between the municipality and the authorized storage facility. If the owner fails to present such certificate to the authorized storage facility having custody of the vehicle within 24 hours of its receipt, excluding days when the authorized storage facility is not open for business, the owner shall assume liability for all subsequent storage charges. The certificate shall advise the owner of such requirement. (*)

G. Impoundment for Investigation Evidence or Forfeiture. The notice, hearing and bond provisions set forth in this section shall not apply to impoundment of the following vehicles for which impoundment is hereby authorized:

(1) a vehicle which is impounded for purposes of a criminal investigation or as evidence of a crime; or

(2) a vehicle which is lawfully seized pursuant to state or federal law.
(*)

H. Release of Vehicles.

(1) The municipal judge or his designated representatives may order the release of an impounded vehicle if a hearing has been requested on the legality of impoundment and upon the posting of bond as set by the municipal judge or his designee. When bond is posted the vehicle shall be released into the possession of the owner or his designee.

(2) In all other cases, upon proof of ownership, an impounded vehicle shall be released only after payment of the accumulated penalties by the owner or his designee, as provided in subsection I.

(3) The owner shall forfeit the bond if the owner fails to appear at the hearing before the municipal court.

(4) The owner shall be entitled to reimbursement from the municipality for all bonds posted and penalties paid if after hearing and appeal, if any, it is determined that the impoundment or relocation was not valid.

(5) This subsection does not authorize release of any vehicle held for investigation or as evidence of a crime or seized pursuant to state or federal law. Such vehicle shall be released only upon the written order of the police officer responsible for its impoundment or upon an affirmative written statement by the Chief that such vehicle is no longer needed for investigative or evidentiary purposes or for forfeiture proceedings. The municipality shall bear the cost of towing and storage for such impoundments. (*)

I. Penalties.

(1) Each time a vehicle is lawfully towed or relocated pursuant to this section the owner shall pay a fine of fifty dollars (\$50.00), unless the municipality is required to pay for removal or relocation.

(2) Each day a vehicle is stored pursuant to a lawful impoundment, the owner shall pay a fine of ten dollars (\$10.00) a day unless the municipality is required to pay for removal or relocation.

(3) Nothing in this section shall prevent a person from being found in violation of any other part of this ordinance and from being liable for any other penalty, fee or charge assessed pursuant to this ordinance. (*)

12-12-19 ABANDONED VEHICLES ON PRIVATE PROPERTY.

A. A person upon whose property or in whose possession is found an abandoned vehicle or motor vehicle, shall have authority to sell, retain, give away or dispose of the abandoned vehicle or motor vehicle to any person licensed under Sections 66-4-1 through 66-4-9 NMSA 1978 provided that he notifies a law enforcement agency prior to such disposal and obtains from that agency a written clearance stating that neither the agency's records nor the computerized records of the National Crime Information Center indicates that the vehicle or motor vehicle has been reported as stolen, and either:

Any person wishing to obtain such vehicle may not charge more than fifty cents (\$.50) per day for storage unless he is licensed as a vehicle storage yard, and he must notify owners and lien-holders within thirty (30) days or lose all rights to claim such vehicle.

B. Any vehicle which is less than eight (8) years of age or in such a state of repair that it will be placed back into service or which is not to be used for dismantling purposes, or which a property owner wishes to retain for his own use or to sell to any one other than a licensed dismantler, said person shall proceed to make claim for such vehicle

Each notice shall contain the following: vehicle information, date of violation, location of the violation, type of violation, amount of fine owed, payment instructions, and instructions to contest the violation as well as notice that three or more unpaid parking citations with the city of Santa Fe or three or more unpaid municipal parking lot fee notices will result in the vehicle being eligible for booting.

(4) boot eligible vehicle means a vehicle that has received three or more unpaid parking citations, or three or more unpaid municipal parking lot fee notices with the city of Santa Fe.

C. Booting List. Owners or operators of vehicles that have three or more unpaid parking citations with the city of Santa Fe or three or more unpaid municipal parking lot fee notices shall be placed on an eligible list for vehicle “booting” maintained by the city of Santa Fe parking division.

D. Booting Procedures.

(1) When a boot eligible vehicle has been located on the public streets of the city of Santa Fe, or city owned parking lot, the parking enforcement officer, police officer or parking attendant, shall first contact the city of Santa Fe parking division to determine if the unpaid fines, fees and penalties have been paid.

(2) If payments have not been made, the parking enforcement officer, police officer or parking attendant, will contact the parking division to verify ownership of the vehicle with the New Mexico motor vehicle department.

(3) If no payments have been made and ownership has been verified, a “boot” shall be placed on the vehicle.

(4) A notice of immobilization (booting) shall be placed on the windshield and on the driver’s side window of the vehicle. The notice warns the operator of the vehicle not to move the vehicle or tamper with the boot and instructs the operator how to proceed on having the boot removed.

(5) The booted vehicle shall be towed by the city or its designee at the owner or operator’s expense if the unpaid fines, fees or penalties have not been paid within 72 hours of the immobilization.

(6) If a vehicle meeting the above specifications cannot be booted because of possible damage to the vehicle, or if the wheels are protected in a manner in which the boot cannot be applied, the vehicle may be towed at the owner’s or operator’s expense.

(7) The unauthorized removal of a boot from a “booted vehicle” shall constitute a violation of this ordinance, and shall be prosecuted in municipal court, and punishable by a fine of \$500, and/or ninety days in jail, pursuant to §1-3 of the Santa Fe City Code 1978.

E. Release Procedures

(1) All outstanding fines, penalties and fees shall be paid to the parking division prior to the removal of the boot.

(2) A booting fee of \$50.00 shall be assessed by the parking division prior to removal of the boot from the vehicle.

(3) The owner or operator of the vehicle may contest the “booting” and request a hearing before the municipal judge.

(4) Upon proof of ownership, a bond shall be posted with the municipal court, releasing the vehicle until a hearing in the matter has been conducted.

(5) The amount of the bond shall equal the amount of unpaid fines, penalties, fees, and the booting fee as set forth in Exhibit B of this Code.

(6) The owner or operator of the booted vehicle shall forfeit the bond if they fail to appear at the municipal court hearing as scheduled.

(7) At the hearing, if it is determined that the owner or operator of the vehicle has been improperly booted, the bond shall be released. * (Ord. No. 2006-34, Ord. No. 2009-11)

B. The city hereby imposes a traffic calming fee equal to the maximum fine (excluding court fees) to be paid by any person convicted of a speeding violation as set forth in the Uniform Traffic Ordinance as adopted by the city, the total of which shall not exceed the jurisdictional limits of the court. The traffic calming fee applies to all violations of Section 12-6-1.2, but the traffic calming fee is not doubled.

C. No record of any penalty assessment payment is admissible as evidence in any court in any civil action.

SECTION 7. FAILURE TO PAY PENALTY ASSESSMENT

A. If a penalty assessment is not paid within 30 days from the date of arrest, the violator shall be prosecuted for the violation charged on the penalty assessment notice in a manner as if the penalty assessment notice had not been issued.
