# GOODYEAR® AUTHORIZED RADIAL RETREAD LIMITED WARRANTY

## COMMERCIAL TIRE

Goodyear UniSteel® Radial Truck Tires

Dunlop® Radial Truck Tires

Kelly® Radial Truck Tires

United States & Canada

## WHO IS ELIGIBLE AND WHAT IS COVERED?

You are eligible for the benefits of this limited warranty if you are the owner or the authorized agent of the owner of a radial truck tire casing which has been retreaded or repaired by a Goodyear Authorized Retreader using Goodyear brand retreads or Goodyear-authorized repair materials bearing a Department of Transportation (DOT) prescribed retreader tire identification number designating a Goodyear Authorized Retreader. This warranty is effective as of June 1, 2018. This warranty does not apply to tires designated for off-highway service.

## WHAT IS THE CASING COVERAGE?

Goodyear premium casings (refer to the Goodyear Commercial warranty for the premium tire lines) in sizes 11R22.5, 11R24.5, 285/75R24.5 or 295/75R22.5 will be warranted for covered warranty conditions for an unlimited number of retreads up to seven (7) years from new tire manufacture or new tire purchase. All Goodyear premium casings beyond seven (7) years from date of new tire manufacture or new tire purchase, if proof of purchase is available, are excluded from coverage by this warranty. Casing credit is based on local currencies in the country where the adjustment takes place. Refer to the Goodyear Commercial warranty for the casing values.

Goodyear Marathon LHS®, Marathon LHD®, Marathon LHT®, Marathon RSA®, Marathon RSS® and Marathon RSD® casings will be warranted for covered conditions for an unlimited number of retreads for a period of six (6) years from the date of new tire manufacture or new tire purchase, if proof of purchase is available. All Goodyear Marathon LHS, Marathon LHD, Marathon LHT, Marathon RSA, Marathon RSS and Marathon RSD casings beyond six (6) years from date of new tire manufacture or new tire purchase, if proof of purchase is available, are excluded from coverage by this warranty. Casing credit is based on local currencies in the country where the adjustment takes place. Refer to the Goodyear Commercial warranty for the casing values.

Dunlop premium casings (refer to the Dunlop Commercial warranty for the premium tire lines) in sizes 11R22.5, 11R24.5, 285/75R24.5 or 295/75R22.5 will be warranted for covered warranty conditions for an unlimited number of retreads up to six (6) years from new tire manufacture or new tire purchase, if proof of purchase is available. All Dunlop premium casings beyond six (6) years from date of new tire manufacture or new tire purchase, if proof of purchase is available, are excluded from coverage by this warranty. Casing credit is based on local currencies in the country where the adjustment takes place. Refer to the Dunlop Commercial warranty for the casing values.

All Goodyear G392 SSD™ DuraSeal + Fuel Max™, G392A SSD DuraSeal + Fuel Max & G394 SST® DuraSeal + Fuel Max™, Fuel Max SSD DuraSeal, Fuel Max SST DuraSeal tires will be warranted for covered conditions for one retread for a period of four (4) years from the date of the casing DOT serial number or proof of purchase, if available.

All other Goodyear, Dunlop and Kelly radial truck tire casings will be warranted for covered warranty conditions for an unlimited number of retreads up to four (4) years from new tire manufacture or new tire purchase, if proof of purchase is available, and are eligible for a credit equal to the predetermined casing allowances. See your servicing dealer for these values at the time of adjustment. All other Goodyear, Dunlop and Kelly non-premium casings beyond four (4) years from date of new tire manufacture or new tire purchase, if proof of purchase is available, are excluded from coverage by this warranty. See applicable commercial warranty for full details.

In addition, brands other than Goodyear, Dunlop or Kelly medium truck tire radial casings, retreaded by a Goodyear Authorized Retreader using Goodyear brand retreads, that become unserviceable due to a covered warranty condition within the first 25% wear of the first retread or four (4) years from new tire manufacture or new tire purchase, if proof of purchase is available, (whichever occurs first) are eligible for a credit equal to the predetermined casing allowances. See your servicing dealer for these values at the time of adjustment. All brands other than Goodyear, Dunlop

and Kelly casings beyond the first 25% wear of the first retread or four (4) years from date of new tire manufacture or new tire purchase, if proof of purchase is available, (whichever occurs first) are excluded from coverage by this warranty.

## HOW WILL THE RETREAD CREDIT BE DETERMINED WHEN THE CASING BECOMES UNSERVICEABLE DUE TO A COVERED WARRANTY CONDITION?

Full credit for the retreading or repair costs will be issued, based on the current retail selling price of the retread during the first 2/32" (inch) (or the first 25% for UniCircle® retreads) of usable treadwear if the casing becomes unserviceable within the coverage period due to a covered warranty condition.

Retreading costs that are not eligible for full credit will be prorated. The replacement price will be calculated by multiplying the current Goodyear retail selling price of the retread by the percentage of usable tread remaining at the time of adjustment.

You must pay for mounting, balancing, applicable taxes, government-mandated charges and any additional services you order at the time of adjustment.

## EXAMPLE:

If your disabled tire had an original 16/32" (inch) of usable tread depth and is worn to 8/32" (inch) of usable tread remaining, you have used 50% and therefore must pay 50% of the advertised selling price of a comparable retread tire. If the price of the comparable tire is \$150.00, the cost to you would be \$75.00 plus mounting, balancing, any other applicable taxes and government-mandated charges.

Amount of Tread Used	X	Value of Comparable Tire	=	Prorated Price of New Retread Tire
Original Tread				

(Plus applicable taxes, government-mandated charges, and mounting and balancing.)

## WHAT IS THE COVERAGE ON GOODYEAR® AUTHORIZED RETREADER REPAIRS AND RETREADS?

Every retread/repair performed by a Goodyear Authorized Retreader on any radial casing using Goodyear authorized retread/repair materials and bearing a valid Department of Transportation (DOT) shop number of the Authorized Retreader is warranted to be free from a covered warranty condition and to give satisfactory service under normal operating conditions for the usable tread life of any retread.

Full replacement of the retread or repair costs will be issued, based on the current retail selling price of the retread or repair during the first 2/32" (inch) (or the first 25% for UniCircle® retreads) of usable treadwear if the retread or repair becomes unserviceable due to a covered warranty condition.

If a retread or repair becomes unserviceable due to a covered warranty condition beyond the no-charge period, a credit for the retread/repair cost will be issued on a prorated basis. The credit will be determined by multiplying the current Goodyear retail selling price of the retread by the percentage of usable tread remaining at the time of adjustment.

You must pay for mounting, balancing, applicable taxes, government-mandated charges and any additional services you order at the time of adjustment.

### IN ADDITION:

Radial casing allowances will be given on all qualifying radial retreaded casings if the retread became unserviceable due to a covered warranty condition.

In cases where the retread became unserviceable due to a covered warranty condition and the casing is outside the terms of this warranty, a credit for the retread only will be calculated.

All credits must be used toward the purchase of new or retreaded Goodyear, Dunlop® or Kelly® commercial products.

### REMEMBER YOUR NEW TIRE WARRANTY

This limited warranty provides you with certain benefits as the owner of a radial casing that has been retreaded or repaired by a Goodyear Authorized Retreader. If you purchased a new Goodyear, Dunlop or Kelly commercial radial truck tire, you are also entitled to the benefits and are subject to the same Adjustment Limitations of the new tire limited warranty that was in effect at the time of purchase. Please consult your new tire warranty for details.

### WHAT IS NOT COVERED UNDER THIS LIMITED WARRANTY?

- Wear conditions or tire damage due to road hazards (including punctures, cuts, snags, impact breaks, etc.), wreck, collision, fire, fast wear, irregular wear, heel and toe wear or other wear conditions.

- Improper inflation, overloading, high-speed spinup, misapplication, misuse, negligence, racing, chain damage, or improper mounting or demounting.
- Mechanical condition of the vehicle.
- Chip/chunk conditions on tires intended for highway service.
- Ride disturbance after the first 2/32" (inch) treadwear or due to damaged wheels or any vehicle condition.
- Any tire intentionally altered after leaving a Goodyear factory producing tires to change its appearance (example: white inlay on a black tire).
- Tires with weather cracking which were purchased more than four (4) years prior to presentation for adjustment. If you have no proof of purchase date, tires manufactured four (4) or more years prior to presentation are not covered.
- Material added to a tire after leaving a Goodyear factory producing tires (example: tire fillers, sealants, or balancing substances). If the added material is the cause of the tire being removed from service, the tire will not be adjusted.
- Any Goodyear commercial tire with the word "Mileage" on the sidewall.
- Tires removed from service due to improper repairs.
- Loss of time, inconvenience, loss of use of vehicle, incidental or consequential damage.

**Note:** Some states or provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

This limited warranty is applicable only in the U.S. and Canada.

### ADJUSTMENT LIMITATIONS

The retread warranty ends when the treadwear indicators become visible. For casing warranty information refer to section "WHAT IS THE CASING COVERAGE?"

If you are within 100 miles (160 kilometres) of where the retread was purchased, you must return the tire to that outlet to receive warranty consideration.

- **TIRE FAILURE DUE TO UNDERINFLATION/OVERLOADING/MISAPPLICATION.** Follow the vehicle owner's manual or tire placard in vehicle.

# LIMITED WARRANTY

United States & Canada

## Unisteel® Radial Light Truck Tires Unisteel Radial Medium Truck Tires

### WHO IS ELIGIBLE FOR WARRANTY COVERAGE?

You are eligible for the benefits of this limited warranty if you meet all the following criteria:

- You are the owner or authorized agent of the owner of new Goodyear® Unisteel radial light truck or medium radial truck tires, including mud and snow and on-/off-road tires.
- Your tires bear Department of Transportation (DOT) prescribed tire identification numbers and are not branded "NA" (Not Adjustable).
- Your Goodyear truck tires have been used only on the vehicle on which they were originally installed according to the vehicle manufacturer's or Goodyear's recommendations.
- Your tires were purchased on or after September 1, 2019.

### WHAT IS COVERED AND FOR HOW LONG?

**1. FREE TIRE REPLACEMENT** – Goodyear truck tires covered by this warranty that become unserviceable due to a covered warranty condition during the first 2/32" (inch) treadwear or 12 months from date of purchase, whichever comes first, will be replaced with a comparable new Goodyear tire without charge. You pay only for the mounting and balancing. (Without proof of purchase, date of manufacture will be used to determine eligibility.)

**2. PRORATED TIRE REPLACEMENT** – Tires worn beyond the first 2/32" (inch) treadwear that become unserviceable due to a covered warranty condition will be replaced on a prorated basis. You are responsible for mounting, balancing and any additional services you order at the time of adjustment, as well as any taxes and government-mandated charges.

**3. TIRES WITH DURASEAL TECHNOLOGY® — SEALANT CREDIT DURING ORIGINAL TREAD\*** – Failure of the DuraSeal Technology to seal a maximum 1/4" (inch) puncture in the repairable area of the original tread will qualify for a one-time credit during the life of the original tread within four (4) years from the date of the casing DOT serial number or proof of purchase, if available. Sealant credit is based on local currencies in the country where the adjustment takes place, \$50.00 for both the U.S. and Canada.

**4. TIRES WITH DURASEAL TECHNOLOGY — SEALANT CREDIT DURING FIRST RETREAD\*** – Failure of the DuraSeal Technology to seal a maximum 1/4" (inch)

puncture in the repairable area of the tread will qualify for a one-time credit through 100% of the first retread up to four (4) years from the date of the casing DOT serial number or proof of purchase, if available. Sealant credit is based on local currencies in the country where the adjustment takes place, \$25.00 for both the U.S. and Canada. All punctures must be repaired at time of retreading for this Limited Warranty to be honored. If a sealant credit was issued during the original tread life, no other requests for credit will be honored.

\*All claim forms submitted for sealant credit must be verified by an authorized Goodyear representative.

### HOW WILL THE PRORATED CHARGES BE CALCULATED?

The replacement price will be calculated by multiplying the current Goodyear advertised selling price, at the adjustment location, by the percentage of usable original tread that has been worn off at the time of adjustment. You pay for mounting, balancing, an amount equal to the full current Federal Excise Tax (FET – U.S. only) and any other applicable taxes for the comparable new Goodyear replacement tire as well as any government-mandated charges.

### EXAMPLE:

If your disabled tire had an original 16/32" (inch) of usable tread depth and is worn to 8/32" (inch) of usable tread remaining, you have used 50% and therefore must pay 50% of the advertised selling price of a comparable tire, plus an amount equal to the full current Federal Excise Tax (U.S. only) applicable to the comparable new replacement tire at the time of adjustment. If the price of the comparable tire is \$400.00, the cost to you would be \$200.00 plus Federal Excise Tax (U.S. only), mounting, balancing, any other applicable taxes and government-mandated charges.

Amount Of Tread Used Original Tread	X	Value Of Comparable Tire	=	Prorated Price Of New Tire
---	---	-----------------------------	---	-------------------------------

[Plus FET [U.S. only], other applicable taxes, government-mandated charges and mounting and balancing.]

### WHAT IS A COMPARABLE TIRE?

A "comparable" new Goodyear tire may be either the same line of tire or, in the event that the same tire is not available, a tire of the same basic construction and

quality with a different sidewall or tread configuration. If a higher priced tire is accepted as replacement, the difference in price will be at an additional charge to you.

Any replacement tire provided pursuant to this warranty will be covered by the Goodyear warranty in effect at the time of replacement.

### WHAT IS NOT COVERED UNDER THIS LIMITED WARRANTY?

- Wear conditions or tire damage due to road hazards (including punctures, cuts, snags, impact breaks, etc.). Wreck, collision, or fire. Fast wear, irregular wear, heel and toe wear or other wear conditions.
- Improper inflation, overloading, high-speed spinup, misapplication, misuse, negligence, racing, chain damage, or improper mounting or demounting.
- Mechanical condition of the vehicle.
- Chip/chunk conditions on tires intended for highway service.
- Ride disturbance after the first 2/32" (inch) treadwear or due to damaged wheels or any vehicle condition.
- Any tire intentionally altered after leaving a factory producing Goodyear tires to change its appearance (example: white inlay on a black tire).
- Tires with weather cracking which were purchased more than four (4) years prior to presentation for adjustment. If you have no proof of purchase date, tires manufactured four (4) or more years prior to presentation are not covered.
- Material added to a tire after leaving a factory producing Goodyear tires (examples: tire fillers, sealants or balancing substances). If the added material is the cause of the tire being removed from service, the tire will not be adjusted.
- Any Goodyear Commercial Truck tire with the word "Mileage" on the sidewall.
- Tires removed from service due to improper repairs.
- Loss of time, inconvenience, loss of use of vehicle, incidental or consequential damage.

Note: Some states or provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

This limited warranty is applicable only in the U.S. and Canada.
